- Gulden Draak Imperial Stout** 25
(330ml 12.0%) **Gent, Belgium**
Characterised by its deep, dark colour and dry, delicious bitterness. It delivers a rich, complex & robust flavour. Comes in a very cool Dragon's Egg glass.
- Kees Caramel Fudge Stout** 28
(330ml 11.5%) **Middelburg, Netherlands**
Powerful imperial stout reminiscent of a chocolate dessert. Dark in colour with aromas of chocolate and caramel and the sweetness of vanilla.
- De Struise Black Albert** 29
(330ml 13.0%) **Oostvleteren, Belgium**
Struise's famous Russian Imperial Stout. Not as much a beer as it is an experience. Despite the 13% ABV, it is dangerously drinkable. With its thick, tar-like body, it's definitely a sipper, but the alcohol is very well-hidden. Every sip bombards you with roasty bitterness and sweetness of real Belgian candy sugar.
- De Struise Black Damnation XIII S.H.I.T** 35
(330ml 13.0%) **Oostvleteren, Belgium**
The S.H.I.T. stands for Supreme Hippy Intensive Thing. 'Black & Tan' – Black Albert mixed with Elliot Brew IPA and then aged for 2 years in bourbon barrels
- Atrium Onyx** 26
(330ml 11.0%) **March-en-Famenne, Belgium**
Imperial stout brewed with cacao, vanilla and orange peel. 15 different malts used giving it notes of chocolate, caramel, roasted malt, vanilla and to a lesser extent coffee, licorice, a hint of smoke with wood and a mineral spiciness. It is a big beer, but dangerously easy to drink
- Maltgarden Follow the Recipe** 31
(500ml 10.0%) **Kolobrzeg, Poland**
Banana & peanut butter cheesecake imperial stout

Winter Beers

- Delirium Noël (Christmas)** 23
(330ml 10%) Ghent, Belgium
Sweeter and richer than siblings Tremens and Nocturnum, Brasserie Huyghe's festive Delirium Christmas is a true Christmas cracker! Pouring an amber to red colour it releases strong scents of yeast, malt, caramel and wood. In the mouth, one will taste very fruity flavours of plum, peach and grapes. The aftertaste is obviously warm from the presence of alcohol and even prickles the tip of the tongue. It is sweet, spicy and lightly bitter.
- Gouden Carolus Christmas** 23

- St Feuillien Cuvee de Noël** 99
(1500ml 9.0%) St Feuillien, Belgium
Festive all full of flavour and an amber glow. Refermented in the bottle and cellar aged for several months
- ## Barley Wine
- De Molen Bommen & Granaten Barley Wine** 27
(330ml 11.0%) Bodegraven, Netherlands
Plenty of fruit like orange, tangerine and sweet apples. Powerful and full bodied but still easy going. Well hopped but the obvious alcohol and the massive malt and fruit character restrict the hops to the background. Full bodied, notes of Champagne and a hint of mandarin curacao in the aroma. Malty sweet flavour, immensely full bodied, with vinous notes and a touch of yeast in the aftertaste.
- De Molen Balcones Edition 2023** 38
(330ml 13.5%) Bodegraven, Netherlands
The aging in the Balcones whiskey barrels has given this Barley Wine a fantastic extra dimension of flavours. In addition to the well-known sweet-malty character and red fruit flavours of the Barley Wine, the aging provides the classic whiskey flavours and aromas such as wood, vanilla, peat and raisins.

Trappist Beer

A legally protected trademark that may only be used if the production of the beer takes place within the monastery walls under the supervision of the monks. Proceeds from sales are intended for the livelihood of the monks and for the maintenance of the monastery. The remainder is spent on development projects and works of charity. There are only 9 official label-carrying Trappist beers in the world – five Belgian, two Dutch, one English and one Italian. There are a few more monasteries that do produce beers but for various reasons don't qualify for an official Trappist label.

La Trappe Abdij van Koningshoeven, Netherlands

Isid'or (330ml 7.5%) 16

Quadrupel (330ml 10.0%) 17

Stunning amber colour. Warm and intense flavour, rich and finely balanced. Malty sweet, slightly burnt, and pleasantly bitter with a sweet aftertaste. Quadrupel continues to ferment after bottling and offers aromas of banana, almond and vanilla.

Bockbier (750ml 7.0%) 43

The only Trappist bock ale in the world. Chestnut-coloured with a yellowish head. A unique seasonal ale with a dry, smoked and herbal flavour and a vigorous bitterness, undertones of liquorice.

Practise what you Preach (750ml 10.0%) 58

Brewed in collaboration with **Brewdog** of Scotland. Representing a collaboration between tradition and innovation. Where Monks meet Punks. Brewed at La Trappe's monastery in January 2021. A quadruple with Scottish heather honey and American hops. Ruby-hued liquid boasting aromas of rich dried fruits and sweet honey. Hints of citrus cut through the sticky mouthfeel, balancing out the sweetness.

Zundert De Kievit / Maria Toevlucht Abdij, Netherlands

Tripel (330ml 8.0%) 21

The monks that brew this describe it as 'slightly unruly'. It is a beer you must take time to savour and understand. Chestnut-colored and bottle-conditioned, aromas of caramel, herbs and spices; initially floral and slightly sweet; character develops from light caramel to a dry mellow hoppy bitterness as the flavour opens.

Quadrupel (330ml 10.0%) 22

The scent has dried fruits, sultry herbs, liquorice and some chocolate. The taste is full and soft, balanced by a nice hop bitterness. The characteristic spiciness subtly returns in the aftertaste.

Trappist Beer - continued

Westmalle, Abdij van Onze Lieve Vrouw, Belgium

Extra (330ml 4.8%) 15

A lower alcohol version of their classic tripel, the beer of choice for the monks to drink for themselves as with the lower alcohol volume their minds stay clearer so they can focus on work, prayer and other duties without being too inebriated.

Dubbel (330ml 7.0%) 16

Dark red-brown beer with a rich, complex taste thanks to re-fermentation in the bottle. Touches of caramel, malt and fruity esters reminiscent of ripe banana. Dense, cream-coloured froth. The long, dry finish of this balanced, mild Trappist beer will stay with you.

Tripel (330ml 9.5%) 19

In 1936 the Trappist monks of Westmalle created the world's first Tripel. Strong, blond, fruity, and malty with rich foam and a long aftertaste. This is the mother of all tripels!

Chimay, Scourmont Abbey, Belgium

Red (330ml 7.0%) 18

It's coppery colour and sweet, fruity taste make it a particularly tasty dark ale. Topped with a creamy head, it gives off a light, fruity apricot aroma produced by the fermentation. The taste perceived in the mouth is a balance confirming the fruity nuances noticed in the fragrance.

White (330ml 8.0%) 19

The beer's flavour, as sensed in the mouth, comes from the smell of hops above all it is the fruity notes of muscat and raisins that give this beer a particularly attractive aroma. The aroma complements the touch of bitterness. There is no acidity, but an after-bitterness which melts in the mouth.

Blue (330ml 9.0%) 21

fragrance of fresh yeast with a light, flowery rosy touch is especially pleasant. Its flavour, noticed when tasting it, only accentuates the pleasant sensations perceived in the aroma, while revealing a light but pleasant touch of roasted malt.

Green (330ml 10.0%) 23

Celebrating 150 years of brewing some of the most recognisable Trappist beers in the world. The monks at Scourmont Abbey have released this limited edition Strong Blonde ale.

Trappist Beer – continued

Rochefort, Notre Dame de Saint-Remy, Belgium

6 (330ml 7.5%) **19**

Reddish colour of autumn leaves, a soft body and an earthy, herbal palate which develops into a deep fruitiness.

8 (330ml 9.2%) **21**

A beer to be savoured at your leisure. Not too dense, it goes down easily, quietly sparkling. The alcohol in the finish never lets you forget that this is an authentic degustation beer, one that cannot be hurried along. It is sweet and chocolatey, pleasant but certainly never boring.

10 (330ml 11.3%) **24**

Dominant impressions of latte coffee with powerful chocolate aromas in the nose. The alcohol esters are enveloped with hints of autumn wood, citrus zest and freshly baked biscuits. A liquid milky draught with a backbone of bitter malt and traces of cloves, citrus, orange and mocha.

Tripel (330ml 8.1%) **22**

First brewed in 2020 (to a recipe from a similar beer made in 1920) this was the first new release from Rochefort since 1955. It presents as a lovely yellow-gold liquid, with a fluffy pure white foam. Strong citrus and spice yeasty aroma, smooth mouthfeel, definite citrus flavour, and a spicy tingle laid over the biscuity malt body. Fruity aftertaste and a pleasant peppery yeast note.

Orval, Notre Dame d'Orval, Belgium

Trappist Ale (330ml 6.2%) **25**

Orval makes only one beer for the general public. It has an intensely aromatic character. Between the first and second fermentations there is also an additional dry-hopping process giving this beer its pronounced hoppy aroma and extra dry taste. Highly sought after ale favoured by connoisseurs.

Westvleteren, St Sixtus Abbey, Belgium

8 (330ml 8.0%) **52**

Yes, the price is correct and yes, it's just a small 330ml bottle

12 (330ml 10.2%) **58**

World famous and famously difficult to source. If you know it, you know it and you'll know why it has this price tag

Tynt Meadow, Mount Saint Bernard Abbey, England

English Trappist Ale (330ml 6.2%) **27**

The only British Trappist beer, mahogany-coloured, with a subtle, warm red hue, and a lasting beige head. Its aroma carries hints of dark chocolate, liquorice, and rich fruit flavours. The beer is full-bodied, gently balancing the taste of dark chocolate, pepper, and fig. It leaves a warm and dry finish on the palate.

(not quite) Trappist Beer (but almost)

Achel, Achelse Kluis, Belgium

The monastery where this is made (De Achelse Kluis) is technically in Belgium however if you visit by car, the car park is just on the other side of the border in The Netherlands

In 2019 Brother Gaby & Brother Andre moved to nearby Westmalle Abbey meaning that for the first time since 1846 there were no monks left in the abbey, due to this technicality, they lost their official Trappist label. The beers are still being produced to the same recipe and under the weekly supervision of Westmalle's monks but is no longer officially trappist.

Blond (330ml 8.0%)

19

A pale, strong, fruity, hoppy Tripel. Flavourful and surprisingly refreshing at 8% alcohol by volume. It is lightly filtered, but still wholesomely hazy with yeast remaining and refermenting in the bottle.

Bruin (330ml 8.0%)

19

This Strong Dark Ale sits somewhere between a balanced fruity dubbel style, and the classic big dark Trappist ale. A warm caramel brown colour, aroma is a mix of rich dark stone fruits, strong Belgian yeast phenolics and earthy hops. It is in the flavour that this beer really excels; a complex mix of attributes perfectly balanced against each other to form a combination. Sweet, rich bready malts with a hint of chocolate, dark stone fruits like raisins and figs, and a slight roastiness.

Mont des Cats Amber Ale

49

(750ml 7.6%) **Berthen, France**

Mont des Cats is the only French trappist monastery, they do carry the trappist label too however, this is for their production of cheese – not beer. They do not have a brewery on site but cross the border into Belgium to make this beer at Scourmont Abbey (Chimay). It still follows all the rules required to be considered a trappist beer and is made by monks within monastery walls, just not their own walls. Due to this technicality, it is not an official Trappist beer.

This beer has a caramel malt sweetness and hints of dried fruits, gentle spices and an earthy, herbal hop character. As the beer progresses, the bitterness builds toward a nice lingering finish.

Val Dieu Tripel

48

(750ml 9.0%) **Aubel, Belgium**

Val-Deu Abbey provides a tangible link to the monastic past: even now, their beers are brewed within the abbey walls using the traditional infusion method. All the main duties are performed by laymen, not monks – therefore it is not called a trappist beer but an abbey beer.

This tripel pale ale is hazy golden yellow with a scent of sweet grains, apple and honey. Hints of pepper brighten the earthy flavours of yeast and pale malt. Continues to ferment in the bottle.

Technically this is a beer and it does have all the ingredients that a beer would have, albeit very little. It is made with fresh, natural fruit juices of strawberry, raspberry, cherry, elderberry and bilberry.

It is very sweet and you'd be forgiven for thinking you are drinking a soft drink instead of a beer.
