Notice of Temporary Road Closure

Please be aware that there will be a **temporary road closure due to construction on East D Avenue, in between East Gull Lake Drive and South Gull Lake Drive, in Ross Township from Monday, October 3rd until Friday, October 7th.** This closure is to allow for a lateral tie in with an existing sewer connection. Due to the manner of construction, this will be a complete road closure to all thru traffic, access will still be available to homes and businesses for this period. Detailed signage and detour route will be posted on the roadsides as well as notification sent to school districts, trash services, post office, and county dispatch. During this closure, please find alternate routes and watch for detours.

We appreciate your patience during this construction period. If you have specific questions regarding the project, please contact Ben Phelps with Cornerstone Construction Management at (269) 321-0200. Thank you.

Sincerely,
Ben Phelps
