

# BLACK META AGENCY

## CAPABILITY STATEMENT

### COMPANY OVERVIEW

Black Meta Agency- where Technology, Workforce, Education, & Innovation merge. We create sustainable & agile solutions to support the development of Web2/Web3 professionals & adopters- from schools to government organizations to large businesses.

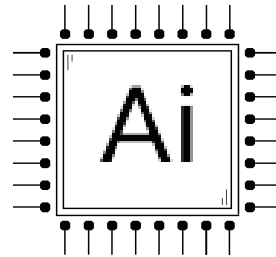

Black Meta Agency uses an in-house proprietary methodology that transforms your most complex workforce challenges into multi-faceted solutions that align to the growth of your workforce.

How do we do this? Simple, by applying incredible work ethic, world-class customer service, & undying commitment to excellence. Like the Great Pyramids, we want your solution to last an eternity.
