🪪 Profile

Highly motivated SQA Engineer seeking a challenging role in a dynamic organization. Dedicated to ensuring the highest quality standards through meticulous testing and thorough analysis. Seeking opportunities to contribute to the success of a team-oriented company in delivering cutting-edge software solutions.

💼 Professional Experience

2023 Jan – 2023 Jul

Trainee SQA Engineer
Software Quality Testing and Certification (SQTC) Center, Bangladesh Computer Council (BCC)

- Tested 5 government projects
- Successfully identified and reported over 100 defects in each project, which led to a 90% reduction in the number of defects found after release.
- Worked with developers to fix defects and ensure that the projects met all requirements.
- Contributed to the successful delivery of all projects on time and within budget.
- Used a variety of testing methods including smoke testing, functional testing, UI testing and performance testing.
- Communicated effectively with developers, stakeholders, and other QA engineers.
- Identified and reported defects quickly and accurately.
- Worked efficiently to meet deadlines.

2022 Nov – 2023 Mar

Project Manager (Remote)
Rodrigo.exe

- Successfully managed the development of 3 games.
- Led a team of developers and QA engineers.
- Successfully delivered all games on time and within budget.
- Developed and implemented the quality assurance processes of the games.
- Used a variety of project management tools including JIRA and Trello.
- Communicated effectively with developers, QA engineers, marketing team, sales team, and customers.
- Met deadlines and budgets.
