

# GUIDE TO USING TELEMED

- 1. Check Your Device.** Make sure that your device has a working camera, a clear microphone, audible speakers, and a stable internet connection.
- 2. Find the right spot.** Try to find a private and comfortable space where you won't be interrupted and can focus on the appointment.
- 3. Visit our website.** Using your preferred browser, visit [gcbclinic.com](https://gcbclinic.com), click on Telemed in the top right corner, and finally click on the link to Georgina Uzoigwe's appointments (<https://doxy.me/msgeorgina>).
- 4. Be prepared to wait.** There may be some wait before your appointment starts, feel free to relax.
- 5. Appointment Time.** When the appointment starts, double check that your camera is on and that your mic is working.
- 6. Showtime.** It should be smooth sailing from this point out. If you have any more questions or concerns call our office at (361) 452-6898.
