

Playa de Oro - June Newsletter 2026

We promise to be clear and accessible in all our activities, and will strive to keep the community informed and engaged

Message From The President of the BOD

We already miss our Winter residents! You left too soon! Right after many of you left, the weather cooled back down to a lovely temperature with cool breezes. Oh the joy of living in one of God’s greatest gifts, Playa de Oro in San Felipe.

While we bid many of you a fond “see you later”, life goes on here at PDO with many residents building and remodeling, making additions and changes. ~ Greg Tiwald

BOD Transition: The banking accounts and bank access has been updated, and all electronic files have been consolidated to one location

Roads Committee: Sunday, June 7th we will begin watering and grading the road from the guard house to the arroyo. This will reshape our roads so if a storm comes this year, most of the water should flow out as we would like. (nothing is guaranteed of course) This will not involve cutting, but reshaping. When we have the date(s) nailed down we'll send a note out to everybody.

Newsletter Committee Update: We welcome community input. If you have ideas for the newsletter please send a note to: sarah.k.little@gmail.com.

- **Name the Newsletter** - We had a couple of suggestions for a new name for our newsletter, but it would be great to have a few more ideas. Get creative and send us your ideas.

Pool Committee Update: There's new furniture under the palapa at the lower pool, and it's super-comfy. The older furniture that is still unbroken has been distributed around the upper pool to enhance that area. Come on up to the pool and see the changes.

- **Ramp from lower pool to bathhouse** - Next up, repairing the ramp that provides handicapped access to the bathhouse. We have collected bids and selected the contractor and are working on scheduling the work. As soon as it's scheduled, we'll let you know
- **La Vaquita** - Don't forget about our discount at La Vaquita! [Click here to see the details](#)

Green Space Committee Update:

Our "Chip 'n Putt" course is finished and in use! Our 9-hole chip course is perfect to work on your irons for the close game. Our thanks to Carol Keller (seen her showing us the proper form) for her diligence in seeing this project through. We call it complete but there's always something to do to fine-tune; even if it's just pulling a weed.

Three new benches have been added around the course. They are beautiful and look fantastic. **Many thanks to Sharon Rhodes for donating these benches.**

Neighborhood Cleanup: Thanks to Terry McCullough, and our Property Manager, Cesar Quirarte many of the old and tattered real estate signs around the community have been removed. We're lookin' good around the 'hood!

Website Committee Update: I am the "webmaster" and any suggestions for improving the site, and any picture, links, and pages you would like to share should be sent to me at: sarah.k.little@gmail.com.

- **We need pictures!** We're still on the hunt for great PDO photos for the website.
- **Safety & Security** - Take a look at the [Safety & Security](#) page on our website. Do you have anything to add?
- **Emergency Contacts** - We would like to add a comprehensive list of local emergency contacts. Please send your suggestions (with links). We only ask that you send verified information. We have a LOT of old information and just don't have the time to call them all to see if they are still working.
- **Helpful Links** - There is a page for helpful community links. Please send your suggestions, again verified if possible, and with working links.
