# Community Conversation

Saturday  
F March 07

Dear Playa de Oro Homeowners,

We would like to remind everyone of the importance of avoiding speculation and rumors. Recently, the Board shared the results of prior investigations where no fault was found. In the past, those results were not publicly disclosed, which allowed uncertainty and division to continue.

This Board is committed to transparency and has chosen to share that information openly to promote healing and restore unity within our HOA. We encourage all members to seek accurate information directly from the Board and to help us maintain a respectful, supportive community.

Together, we can keep Playa de Oro strong and united.
