# PRESIDENT'S REPORT

Spring is finally here and we are so excited to take it all in here at CALM. Our house is flourishing with great progress. We started the year out with 3 residents, some have gone while others have moved in. The board is working hard at creating our 1-5 year strategic plan. As we grow we are seeing the severe need for transitional housing in our community. We want to work with partners who understand this need, while also feel led to serve. We are always seeking great volunteers to help drive residents to appointments and job interviews. We are also looking for volunteers who like to teach.

We will be shifting some of the rules and expectations of our future residents. We want to provide them with more real life skills and expectations. So look for big things to be discussed at our next board meeting May 10th!

I want to personally thank each and every volunteer, donor and prayer member for all the love and support we receive daily. It is because of you that CALM is successful.

God Bless,

Chanie
