

Summer Promotion: June 1 through July 31st, 2020

PROTECT YOUR FAIRWAYS WITH BAYER'S 1-2 PUNCH!

Tartan® Stressgard®

\$127.62 per Acre

Exteris® Stressgard®

\$125.92 per Acre

Tartan® Stressgard® provides broad-spectrum control of important diseases and promotes plant health with Stressgard Formulation Technology. The special formulation delivers protection and assists in maintaining high turf quality.

Exteris™ Stressgard® is a next-generation foliar fungicide with unique formulation enhancements that deliver preventative and curative disease control as well as improved plant health and turf quality. This is the only product that uses Leaf-Cote™ technology.

ACTIVE INGREDIENTS: Triadimefon (20.86% DMI) + trifloxystrobin (4.17% QoI); equivalent to 2 lb. triadimefon and 0.4 lb. trifloxystrobin per gallon

ACTIVE INGREDIENTS: Fluopyram (1.19% SDHI) + trifloxystrobin (1.92% QoI); equivalent to .104 lb. fluopyram and .167 lb. of trifloxystrobin

BEST USES: Fairy ring, dollar spot, brown patch, pink snow mold.

BEST USES: Dollar spot, brown patch, leaf spots [2(ee) label] and Microdochium patch.

KEY STRENGTHS: Broad-spectrum disease control with plant health promotion, spring and fall clean-up of diseases.

KEY STRENGTHS: Excellent control of many foliar diseases without any growth regulation concerns and offers a flexible rate range and application schedule from 7 to 28 days.

TARTAN 1.5 oz & 14 Days

UNTREATED

EXTERIS 4 oz & 14 Days

As we move into the summer stress period, don't let Mother Nature catch you with your guard down.
