|--------------------------------|--|---|--|
| | | Popular Dual Tier Sink Sold in Big Box Stores | |
| Exterior Width | 19.5" | 19" | |
| Interior Bowl Length | 58" | 55 3/8" | Both fit a 60" cabinet. |
| Interior Bowl Width | <p>Top Ledge and bottom of bowl measure 18" from front to back.</p> <p>PARAGON™</p> <p>Dual Ledge within body of sink (Stainless, copper, brass and bronze)</p> | <p>17 3/8" at top 14 5/8" at bottom</p> <p>Dual Step Design</p> | <p>Our design allows for all half sheet pans to sit on the top tier as well as the bottom of the sink.</p> <p>14 5/8" will not allow some stock pots or large pans to fit in the sink.</p> |
| Step Size | 1/2" Ledge, not a step | 3/4" steps | Interior ledges are far less bulky than the 3/4" steps |
| Material | Domestic 316L 16 gauge stainless steel | T 304 Stainless internationally sourced | All <i>Rachiele</i> metals are sourced and fabricated in America |
| Standard Cutting Board | Professional Grade Ultra High Density Polyethylene | Store bought Plastic Board resulting in a short life span. | |
| Wood Cutting Board | We offer wood cutting boards in American Black Walnut of Cherry. However, we don't recommend them as a primary cutting surface. | Unknown wood cutting boards, only identified as "hardwood". | Our primary cutting boards are dishwasher safe and made of the only material inspectors will approve as cutting surfaces in butcher shops. |
| Drying Rack | Multi Purpose Grid that is dishwasher safe. | Store bought roll up type only valuable for drying. | |
| Tier Location | 3/4" down from top of bowl, second tier is another 3/4" down from the top ledge. | First Step is approximately 3/4" down, while the next tier is substantially lower. | Our second tier is much higher so there is no hunching over to a very low set of accessories. |
| Sponge Caddy | Yes, its one of our most popular accessories! | Not typically offered as an option. | |
| Hand Finished Stainless | Yes. Our Hand Finishing is designed to help hide scratches, and is easy to maintain over time. | Not offered as an option. | |
| Use and Care | Wash with dish soap, or Barkeepers Friend. | Same washing, however indicates that the sink should be dried after every use. | |
