

CUSTOM SCHEDULING & RELAXED PAYMENT OPTIONS

Because luxury should never come with pressure.

HOW IT WORKS

Reserve your spot in our production schedule and lock in today's investment rate with confidence. We'll customize the timeline to fit your project's needs.

- ▶ If your schedule requires delivery within 4 months, you may place your order and receive detailed drawings and a reserved completion date on our production calendar. We request payment in full at this juncture.
- ▶ For later deliveries, a 50% deposit secures your spot, with the balance due 30 days before completion.

RISK-FREE UNTIL YOUR APPROVAL

You'll receive a detailed, custom sink drawing with time to review. You can request revisions or cancel entirely for a full refund before final approval.

No Pressure. No Risk. Complete Peace of Mind.

APPROVAL & FINALIZATION

Drawings are typically approved 14–21 days before production starts. Once approved, your design enters fabrication, and changes are no longer possible. For a smooth process, we recommend finalizing all details at least three weeks before your scheduled completion date.

>>> IMPORTANT REMINDER <<<

Your order locks in current pricing, confirms your production slot, and initiates your custom design process. We're here to ensure a smooth, personal, and efficient experience.

We accept all major credit cards (including American Express), wire transfers, and provide a simple online PayLink—whichever works best for you.
