THINGS YOU SHOULD KNOW

Thank you for choosing to vacation at Bresse's Cottages. Here are a few tips that will make your stay with us pleasurable.

Each cottage is fully furnished, we kindly ask that all cottagers bring their own pillows, sheets and blankets for use during their stay.

All cottages are supplied with a vacuum and basic cleaning items. It is important to reduce the cleaning down time that all cottagers endeavour to leave the cottage as clean as possible. Failure to do this may result in your cottage not being ready for your arrival.

There are a limited amount of BBQ's available for rent during your stay for \$25/week. You would just need to supply your own propane tank.

Cottage #5 has a septic holding tank alarm, please **DO NOT** unplug it. Should the alarm sound please contact Duane or Joe as soon as possible.

Deposits are now required to reserve your cottage, should damage to the cottage be observed your deposit will not be returned.

Should you need to call emergency services this is the address to your cottage:
