

Together

Hornby Island is our collective larger home—it is where we live, work, play and raise our families. Its setting, amenities, services and the people in this community together provides a very rich environment in which we each live and grow. The community is a vital part of you. But equally, you are a vital part of this community and you can make it better, now and forever!

We build community vitality—the unique and essential spirit that nourishes when people believe that their community holds possibilities for everyone. When you make a gift to the Hornby Island Community Fund, you become part of this movement to enrich life on Hornby Island. Your gift is a permanent source of community capital, helping to do good work forever.

Building for the future

The Hornby Island Community Fund works with many donors and supporters from all corners of our community—including some who choose to remain anonymous.

Through their generosity, we build a lasting legacy of our island.

Gifts of all sizes are pooled and permanently endowed; the principal of the fund is never spent and interest earned creates a lasting source revenue for the Island.

"Study after study has demonstrated that a spirit of giving or volunteerism...plays a central role in our happiness and sense of well-being. I would love to see, in Canada, a renewed and deeper spirit of giving in everyday culture, where helping out is second nature."

— **David Johnson**,
Former Governor General of Canada
