GREECE

Osleidys Menendez became the first woman to throw the new specification women's javelin over 70m, when she added 2.05m to the world record with 71.54 in the second round of the meeting at Rethimno in Crete. This came just as Stacy Dragila was trying for a world record in the pole vault. She failed, but as in Rome cleared 4.72, a height bettered only by herself at Palo Alto.
