## British Juniors Are Shaping Up Well

THE past season was a notable one for Britain's top junior athletes, crowned as it was by victory in both the men's and women's matches against Germany at Crystal Palace in August, and if statistics are anything to go by then 1979 could turn out to be an even more momentous year.

Gustav Schwenk has produced a list for Germany's distinguished weekly athletics magazine *Leichtathletik* which shows that in no fewer than ten of the 36 events scheduled for the European Junior Championships at Bydgoszcz (Poland) from August 16th to 19th the leading eligible performer in 1978 was from Britain. Only Germany (11) bettered that, while the USSR was top in just five events and the GDR in four. The Irish Republic came next with two, a remarkable and encouraging state of affairs.

Here are the top marks in 1978 by athletes who are still juniors this year:-

100/200 — 10.32/20.97 Mike McFarlane (UK); 400 — 46.60 Hartmut Weber (Ger); 800 — 1:49.1 Julian Spooner (UK); 1500/3000 — 3:37.7/8:00.7 Graham Williamson (UK); 5000 — 14:15.1 Aleksandr Kuznyetsov (USSR); 2000SC — 5:32.6 Colin Reitz (UK); 110H — 14.20

Colin Reitz, here seen on the way to winning the Essex Junior CC title, is top ranked European junior steeplechaser.

Mike Street

Daniele Fontecchio (Ita); 400H — 51.52 Hartmut Weber (Ger); 4x100 — 40.67 Germany; 4x400 — 3:11.1 UK (Neil Kitchen, Michael Powell, Roy Dickens, Neil Jackson); 10km Walk — 42:50.3 Jorg Pasemann (GDR); HJ — 2.23 Dietmar Mogenburg (Ger); PV — 5.36 Konstantin Volkov (USSR); LJ — 8.05 Antonio Corgos (Spa); TJ — 15.86 Ghirasimenea (USSR); SP — 17.46 Remigius Machura (Cze); DT — 55.28 Sergey Kot (USSR); HT — 66.80 Igor Nikulin (USSR); JT — 77.42 Werner Kalb (Ger); Dec — 7514 Siegfried Wentz (Ger).

## Trackwise

(Women) 100 — 11.43 Michelle Walsh (Rol); 200 — 23.42 Debbie Bunn (UK); 400 — 53.24 Caroline O'Shea (Rol); 800 — 2:05.0 Denise Kiernan (UK); 1500 — 4:15.6 Sandra Arthurton (UK); 100H — 13.41 Edith Oker (Ger); 4x100 — 45.35 Poland; 4x400 — 3:37.2 GDR; HJ — 1.85 Sabine Serk (Ger); LJ — 6.50 Tamara Kruger (GDR); SP — 16.93 Liane Schmuhl (GDR); DT — 53.22 Dagmar Galler (Ger); JT — 56.96 Heide Adametz (Ger); Pent — 4366 Sabine Everts (Ger).

The first, unofficial, European Junior Championships were staged in Warsaw in 1964. Their success prompted the European Committee of the IAAF to promote European Junior Games in 1966 (Odessa) and 1968 (Leipzig). The latter occasion was affected by political events in Czechoslovakia, causing 13 of 24 nations who had accepted (including Britain, for the first time) to withdraw. Fully representative European Junior Championships have been held in Paris (1970), Duisburg (1973), Athens (1975) and Kiev (1977). Britain won three gold medals in 1970 (Peter Beaven 47.0 400, Berwyn Price 14.1 110H, Helen Golden 24.3 200); two in 1973 (Steve Ovett 1:47.5 800, Sonia Lannaman 11.7 100), 1975 (Micky Morris 5:34.8 2000SC, Aston Moore 16.16m TJ) and 1977 (Nat Muir 13:49.1 5000, Daley Thompson 7647 Dec).

Thirteen European Junior title winners have gone on to gain Olympic gold medals in individual events — Valeriy Borzov, Anders Gärderud, Jacek Wszola, Udo Beyer, Yuriy Sedykh, Irena Szewinska, Renate Stecher, Barbel Eckert, Monika Zehrt, Annelie Ehrhardt, Nadyezhda Chizhova, Evelin Jahl and Mihaela Penes — and others who have achieved great distinction include Franz-Peter Hofmeister, Jürgen Haase, Bronisław Malinowski, Vlandimir Yashchenko, Antti Kalliomäki, Wolfgang Schmidt, Roland Wieser, Christine Brehmer, Vera Nikolic, Grazyna Rabsztyń and Burglind Pollak.

What's more interesting, and encouraging

## THE SCOTTISH AMATEUR ATHLETIC JOINT COACHING COMMITTEE

# ADVANCE NOTICE Xth INTERNATIONAL COACHES CONVENTION EDINBURGH

10th-11th NOVEMBER, 1979

The Xth Convention will make its contribution to the U.N. International Year of the Child, by making the emphasis of the weekend.

### "The Growing Child and Athletics"

An international group of authorities in youth sport have been invited to address the Convention on this theme, which will include topics such as "Changing Implements, Equipment and Distances" and "The Acceleration Phenomenon, Biological Growth and Development with Relation to Sporting Activity".

On top of all this, there will be the Award winning "Dunlop Wright Memorial Lecture". In all, it looks like maintaining the high standard always associated with the Convention — and we look forward to welcoming you to Edinburgh in November.

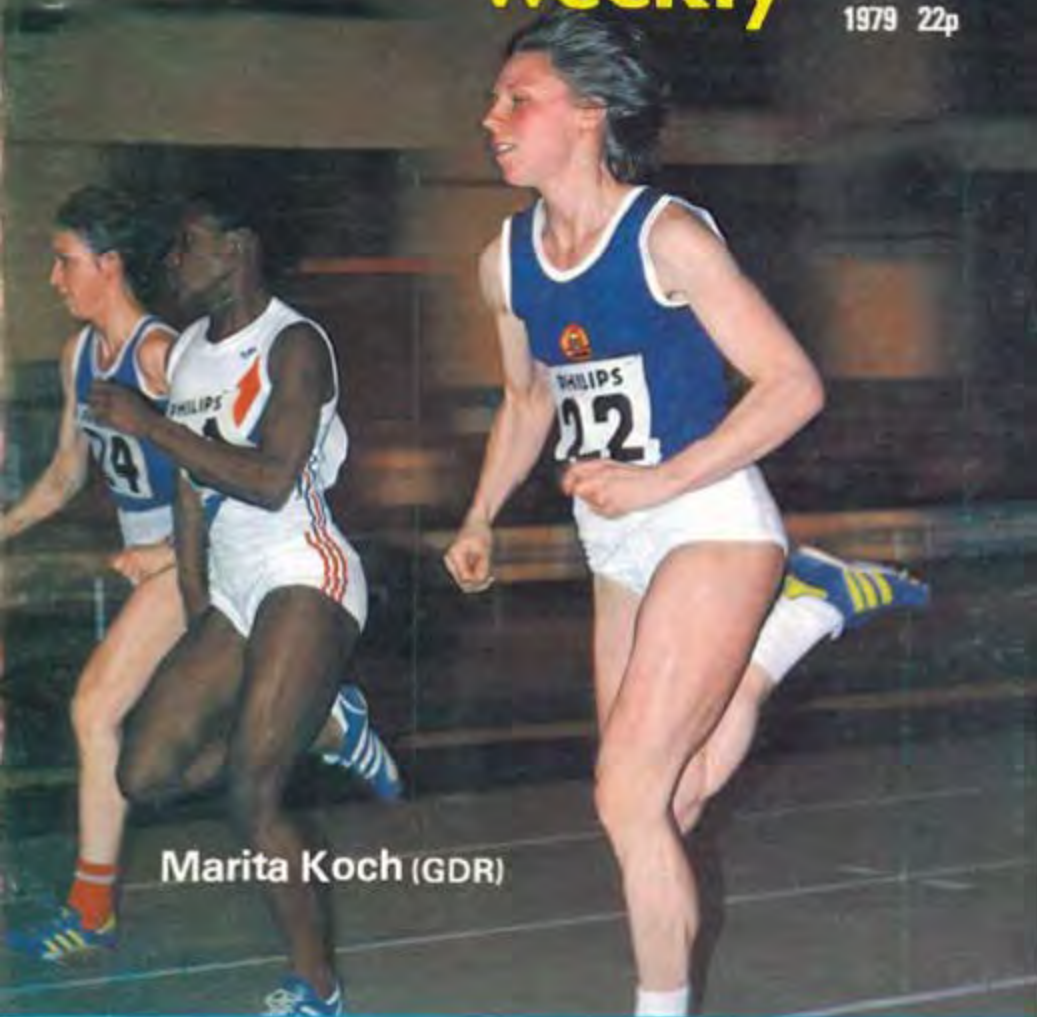

S.A.A.J.C.C., Room 213, 8 Fredrick Street, Edinburgh EH2 2HB.

#### BRAZIL: de Oliveira in Form

Joao Carlos de Oliveira, whose goal this year is to triple jump over 18 metres, reached 17.24m in Sao Paulo on May 27th, with his brother Francisco second to 16.05. The Brazilians still feel that a jump measured at 18.05m but ruled a foul in Bratislava last year was a legal one.

### HURWORTH HALF MARATHON

Gateshead Harrier Max Coleby was a comfortable winner of the Hurworth Half Marathon over a fast course on June 9th. Although he led all the way he was never able to relax as Peter Whittle was in close attendance right until the last half mile. Coleby's intermediate times (24.50 for 5M, 50.30 for 10M) indicate that the course was probably short by some 300-400 yards, but nevertheless he knocked 3 mins off the previous record. Prizes were generously donated by Hurworth Parish Council.

countback. Another 2.22 performer this summer, Adrian Proteasa, failed at 2.11. 1, A. Grigoryev (USSR) 2.30; 2, M. Borra (Bel) 2.14; 3, MARK NAYLOR 2.14; 4, R. Yotzov (Bul) 2.14; 5, J. From (Swe) 2.11; 6, A. Proteasa (Rum) 2.08; 7, F. Kristoffersen (Nor) 2.08; 8, V. Mendes (Por) 2.04.

**Long Jump:** Ronald Desruelles, the elder half of a highly talented pair of athletic brothers, set the pace with 7.76m and 7.83, lost the lead in the 4th round to Oganex Stepanyan (7.85) and regained it for good a couple of minutes later with 7.87. Later he had a foul of well over 8m. Billie Kirkpatrick, filling in for Daley Thompson and Roy Mitchell, performed a valuable service by finishing a place ahead of Bulgaria's 7.81 jumper. 1, R. Desruelles (Bel) 7.87; 2, D. Stepanyan (USSR) 7.85; 3, A. Fransson (Swe) 7.66; 4, D. Iordache (Rum) 7.61; 5, T. Torgalsen (Nor) 7.45; 6, BILLIE KIRKPATRICK 7.40; 7, G. Doynov (Bul) 7.37; 8, A. Rodrigues (Por) 7.09.

**Shot:** Geoff Capes and Vladimir Kissilev (the 1975 European junior champion) last met at the European Indoor Championships when Geoff was 2nd and the Russian 3rd. They had another great tussle this time too. Capes opened with 19.41, to which Kissilev's reply was 19.38; in the 2nd round Capes improved to 19.44 but his Soviet opponent snatched the lead with 19.57. Capes responded with 19.70 next time round and that sufficed — just — as Kissilev reached 19.68 with his fourth put. 1, GEOFF CAPES 19.70; 2, V. Kissilev (USSR) 19.68; 3, N. Khristov (Bul) 19.48; 4, K. Hjeltne (Nor) 18.95; 5, H. Almstrom (Swe) 18.06; 6, G. Schroeder (Bel) 16.09; 7, V. de Silva (Por) 15.05; 8, I. Zamfirache (Rum) 14.84.

**Hammer:** Olympic and European champion Yuriy Sedykh landed all six of his throws in the 71/72m range. Paul Buxton lost a close scrap for 4th place to Richard Olsen, an American collegiate rival. 1, Y. Sedykh (USSR) 72.40; 2, D. Angelov (Bul) 68.46; 3, T. Stan (Rum) 65.44; 4, R. Olsen (Nor) 64.60; 5, PAUL BUXTON 64.46; 6, T. Sjöholm (Swe) 60.52; 7, J. Pedrosa (Por) 55.70; 8, J. Mortier (Bel) 55.68.

### Relay Bonus

**4x100:** A timely boost to Britain's fortunes came in the final event of the first day. A cracking display of baton passing (and coach John Bailey is entitled to take a bow at this point), allied to some very speedy running enabled the squad of Mike McFarlane, Trevor Hoyte, Steve Green and Drew McMaster to register Britain's first ever European Cup sprint relay victory — one which they had thought possible but few others had anticipated. It was a superb display (39.73 in adverse conditions), and it is debatable whether such a slick combination

should be broken up to make way for the inclusion of Allan Wells in the final. 1, UK 39.73; 2, USSR (A. Shlyapnikov, N. Kolesnikov, V. Bronnikov, V. Muravyev) 39.89; 3, Bulgaria (K. Serbakov, V. Ivanov, P. Pavlov, P. Petrov) 39.91; 4, Belgium 40.67; 5, Rumania 40.76; 6, Sweden 40.97; 7, Norway 41.07; 8, Portugal 41.39.

**First Day Scores:** USSR 69, UK & Bulgaria 53, Rumania 48, Belgium 46, Sweden 39, Norway 28, Portugal 24.

### SECOND DAY, JULY 1st

**200:** Last year Mike McFarlane's best results came in the 100; this season the 200 has been his strong event. Just a week after his personal best 20.94 in Bremen, he scored the finest victory of his career to date — which could not have been more timely from the British team's point of view. Drawn in lane 7, the 19-year-old got away to a tremendous start, quickly overhauling Chris Garpenborg on the outside, entered the straight well clear and reached the finish a metre and a half ahead of Viktor Burakov. These were valuable points for Britain, particularly as Bulgaria's Pavel Pavlov (whose personal best of 20.87 this year was superior to McFarlane's) was only 4th. To add to Mike's delight, the time of 20.80 — with the following wind in the straight registering 1.7m/sec — was his fastest yet and will mightily impress his rivals for the European

# FOUR-MAN PHOTO FINISH — IN A MARATHON!

THE Moscow Spartakiade, held from July 21st to 29th, featured world records for the women's 400 hurdles (54.78 by Marina Makeyeva) and 4x200 relay (1:30.8 by the Ukraine), a world junior pole vault record — since bettered — of 5.55m by Konstantin Volkov, a great distance double by Miruts Yifter (who covered the last 400 in 53.0 in his 13:20.8 5000), tremendous quality in depth in such events as the walks (32 under 90 min in the 20km, 47 under 4:17 in the 50km) and women's middle-distance ... and the closest marathon finish of all time. With just four metres covering the first four, European champion Leonid Moseyev (2:13:20) scraped home ahead of Shigeru Sou (2:13:20), Viktor Zubov (2:13:20) and Sanimkul Dzumanazarov (2:13:21) — and another two men followed only a few metres behind! A small British contingent took part, the most successful being Garry Cook, 5th in the 800 final in 1:48.1, and Janet Marlow, who set personal best and Olympic qualifying times of 2:02.7 for 800 and 4:09.1 for 1500.

## Book Review

UK Junior All-Time Handbook, compiled by the NUTS; published by the BAAB; available from Book Dept, Athletics Weekly, 344 High Street, Rochester, Kent ME1 1DT, price £1.75.

It was appropriate that in a year which has featured Britain's finest ever showing in the European Junior Championships (that a new edition — the first since 1971 — of a booklet containing UK junior all-time lists should appear. The lists, the work mainly of Alan Lindop and Peter Martin, make fascinating reading as well as invaluable reference material and could be the basis for many a thesis on the athlete's development.

Some of the lists, running over 100 deep in many events as at the beginning of 1979, are headed by athletes who went on to become senior stars of the first magnitude — among them Peter Radford, David Jenkins, Steve Overt, Ian Stewart, Daley Thompson, Geoff Capes, Sonia Lannaman, Sue Reeve and Tessa Sanderson. Other big names right now can be found way down the lists — for example, Ainsley Bennett (110th equal in the 100 at 10.8 in 1973), Steve Scutt (89th equal over 400 with 48.8 in 1975), Mike McLeod (48th in the 3000 at 8:16.6 in 1971) and Chris Boxer (46th over 800 with 2:10.6 in 1971). More encouraging still for late developers is that athletes like Allan Wells, Brendan Foster and Ian Thompson don't appear at all. Incidentally, you can look in vain in the 113-deep 800m list (down to 1:52.6) or the 78-strong mile rankings (to 4:11.5) for the name of Seb Coe. He is however present in the 1500 (8th equal, 3:45.2) and 3000 (41st equal, 8:14.8) lists.

The book also contains UK age bests for boys and girls, and results of the first eight (plus other UK placings) in each event at the European Junior Championships from 1970 to 1977. We are reminded that in 1970 Pietro Mennea was only 5th (22.44) in the 200 final, Thomas Wessinghage 8th (3:57.7) in the 1500 and Sara Simeoni 5th (1.70m) in the high jump. Interesting names in the 1973 results include Steve Overt (800 winner in 1:47.5, a tenth ahead of Willi Wulbeck, with this year's 1:43.9 revelation Jose Marajo 8th in 1:50.8), Markus Ryffel (7th in the 5000 in 14:26.8 some 150m behind the winner), and four Olympic champions of three years hence — Udo Beyer, Yuriy Sedykh, Barbel Eckert and Evelin Schlaak — all of whom were victorious. Among the 1975 crop of finalists: Harald Schmid (7th in 400, 47.76), Seb Coe (3rd in 1500, 3:45.2), John Treacy (2nd in 5000, 14:19.2), Jacek Wszola (HJ winner at 2.22m), Sergey Litvinov (3rd in HT, 64.44m), Marlies Oelsner and Marita Koch (2nd in 100, 11.43, and 400, 51.60, respectively).

But, harking back to 1970, what became of Peter Beaven, winner of the 400 ... John Boggis, 3000 silver medallist ... Mary Sonner,

4th in the 800 ... and Paul Dennis, 5th in the 1500? They all displayed such rich promise, but unlike such team-mates as Dave Black, Berwyn Price, Andrea Lynch and Helen Golden they never attained anything of real note in later years. We at 'AW' would be interested to learn what happened.

## WHY THE AAA MUST REVISE AMATEUR RULES

Dear Sir,

On behalf of Hastings AC I would be grateful if you would publish an explanation of our resolution to the AAA's AGM on November 3rd "that this meeting urges the General Committee to make an urgent revision of the Amateur Rules".

Consequent to the demands of international standards of competition and the economic problems which most athletes have, it has become a fairly open secret that payments have been made to athletes for a number of years. The manner of these illegal payments has varied in order to protect the athlete, the governing bodies, sponsors and organisers of meetings. This statement can easily be dismissed by the administrators as "not proven" but this is without doubt due to the maxim "what the eye does not see, the heart does not grieve over".

The situation is extremely complicated and examples of the ambiguity of the rules can be seen in: (i) the AAA reciprocal agreements with other amateur sports — cyclists for one; (ii) under AAA rules it is very doubtful if the payment of pocket money allowed under IAAF Rules is technically legal; (iii) the payment to athletes, with AAA approval, of sponsorship money to an unlimited amount appears to be inconsistent with the fact that an ordinary club athlete cannot receive a cash prize of any amount.

A large number of sports allow cash prizes and also coaching fees to be paid, and it is not difficult to envisage the problems which would be met by the AAA if they tried to enforce the present amateur rules in respect of children who have received such payments.

It is evident that the AAA (who are the only body in England able to impose a ban on a male athlete) would be liable to High Court action if an athlete is banned. The potential costs of such actions would be crippling to the AAA and with the chances of success for the AAA poor.

We do not wish to see the authority of the AAA destroyed or the sport to go "open" and we therefore urge all clubs to attend the AAA AGM and vote for the resolution. If that is not possible, they should use the voting cards supplied with the AGM notice to vote for the resolution.

R. J. Harvey,  
Secretary, Hastings AC
