Hand-Crafted in America / 15" Firm

Engineered for a firm feel, balanced with ergonomic support. Perfect for those desiring cushioned comfort and a firm, supportive sleep surface.

Custom-Milled Fabrics and Quality Covers

- Custom-milled fabrics chosen for durability and comfort
- Dual quilted layers create cradling comfort, added pressure relief, and improved durability

CoolingGel™ Visco Memory Foam

- All the pressure-relieving properties of Memory Foam with cooling gel-infusion for a cooler sleep surface
- Self-contouring and responsive, delivering ergonomic support

OmniSense™ Comfort Foam

- Fast response for immediate comfort and relaxation
- Long-lasting and resistant to body impressions

SupportSense™ Comfort Foam

- Delivers a comfortable sleep surface with firm support
- Long-lasting and resistant to body impressions

PrecisionCoil™ Core with 5-Zoned System

- 5-Zoned System delivers superior ergonomic support—created with differing spring density and pre-compressed coil resistance
- Dynamic response and motion isolation with individual movement to reduce sleep disruption

Always CertiPUR-US® Certified Foams

- Certified foams made without harmful chemicals

Non-Prorated Warranty

SPECIALTY COMPONENTS

Hi-Tech Tencel® Cover Option (Carlsbad, Gladwell, Warren)

Comfort Technology

- More absorbent than cotton, smoother than silk and cooler than linen
- Perfect moisture management with a comfortable finish
- Resistant to microorganisms and mites

TruCOOL™ Cover Option (Everett, Gunnison, Kady)

Comfort Technology

- Creates a softer, drier, cooler and more comfortable sleep surface
- Ultra-durable, high performance fiber accelerates moisture wicking and absorption

POCKETED COIL CORES

FlexErgo™ Support Core

Comfort Technology

- Breathable, individually-wrapped PocketedCoils provide balanced spinal support
- Motion isolation technology with individual coils absorbing movement for less sleep disturbance
- 360° foam encasement with cooling airflow
- Durable, long-lasting sleep surface maintains shape and includes anti-sag technology

PrecisionCoil™ Core with 5-Zoned System

Comfort Technology

- Durable, premium 8" PocketedCoils
- 5-Zoned System delivers superior ergonomic support—created with differing spring density and pre-compressed coil resistance
- Strategic zones provide firm support to key pressure points
- Exceptional comfort between zones with firm support
- Consistent, even surface minimizes roll-together
- Individually wrapped PocketedCoils are breathable and promote airflow
- Dynamic individual response and absorption provides superior motion isolation and reduces sleep disruption
- 360° foam encasement with cooling airflow provide edge-to-edge support and durability

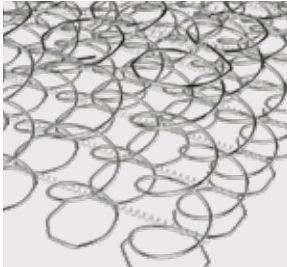

IsoCore™ Support System with Edge Zoning

Comfort Technology

- Unique design ergonomically supports the body to reduce partner disturbance
- Zoned edge support for better stability, durability and consistency edge-to-edge
- Ultra-responsive support and customized comfort with individual coil movement
- High coil count gives consistent support across the entire surface of the mattress with built-in durability
- Coils feature unique ergonomic design with dynamic stress-relieved wire to support body weight and spring back to their original shape after each use
- Open design allows for more airflow and breathability to ensure natural temperature regulation
- More efficient heat transfer

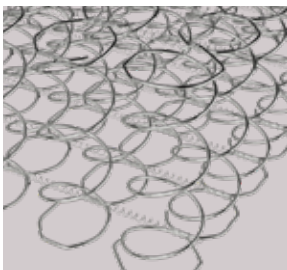

OPENCOIL CORES

SpringEase™ Support System

Comfort Technology

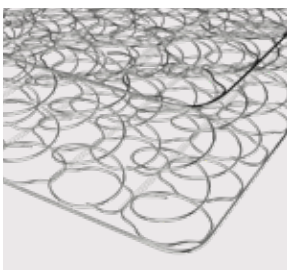

- Unique design ergonomically supports the body
- Responsive support and customized comfort
- Consistent support across entire sleep surface
- 360° Foam Encasement adds comfort, strength and durability with full edge support
- Open design of coils and Foam Encasement allows for increased airflow and breathability to ensure temperature regulation

BalanceSpring™ Support System

Comfort Technology

- Unique shape of strong offsetting coils provides consistent surface support
- Resilient design fully supports body weight
- Dynamic response to natural body movements
- Full, consistent support edge-to-edge
- 360° Foam Encasement adds comfort, strength and durability with full edge support
- Open design improves airflow and temperature regulation

ResponseSpring™ Support System

Comfort Technology

- Unique shape of sturdy offsetting coils provides consistent surface support
- Resilient design fully supports body weight
- Dynamic response to natural body movements
- Full, consistent support edge-to-edge
- Open design improves airflow and temperature regulation
