

TDCT AGM 2025 | Finance

- The TDCT is a Company Limited by Guarantee
- It has been funded largely through loans and donations - c£3,350 – a significant proportion from the Steering Group
- On grant of planning designation, we should receive £8,000
 - This CANNOT be used for local interest issues such as the Rock Junction
- Start up on ongoing costs have been sizeable and mean the TDCT is broadly break-even to date
- All time (which is considerable) is given for free
- Going forwards - we ideally need more financial support from the community
