1. You understand that the products and/or technology to be provided by Pioneer Aero Supply are subject to global export control requirements.
2. You will not export, re-export, or supply/transfer by any means, directly or indirectly via 3rd party organization, any PAS supplied products or technology to any countries or regions that are subject to embargo or sanctions including, but not limited to, US, EU, UK, and UN regulations (as applicable to the country of export) without approval from the relevant authorities. 4. You intend that the products and/or technology to be provided by Pioneer Aero Supply will not be used for any unauthorized military applications or end-use connected with weapons proliferation, satellite usage, chemical biological or nuclear weapons, or items capable of delivering such weapons, without prior authorization from the relevant authorities and providing proof of that authorization.

You acknowledge and will adhere to the current various global US, EU, UK, and UN sanctions against Russia and Belarus to the extent applicable to you.
7. You will abide by all applicable U.S. export control laws and regulations and will obtain any license(s) or approval(s) required by the U.S. government prior to the export, re-export, or transfer of licensable products or technology provided by PAS.
8. You acknowledge that non-U.S. laws, including but not limited to EU, UK, and UN regulations, may also apply to products or technology provided by Pioneer Aero Supply and you will endeavor to comply will all such applicable laws.
9. You are not legally debarred, suspended, prohibited, or impaired from exporting, re-exporting, receiving, purchasing, procuring, or otherwise obtaining any product or technology controlled by any regulatory authority.
