

Welcome to Pioneer Aero Supply, LLC

Our mission is to provide the highest quality aircraft parts and services in the industry.

Corporate History and Background

Our Founder

With a passion for aviation, Ali Shojaat started Pioneer Aero Supply in 2015 with two parts on the shelf.

Our Growth

Over the past 9 years, we have grown into a trusted supplier of aviation parts and equipment, serving customers around the globe.

Our Philosophy

At Pioneer Aero Supply, we believe that consistency, innovation, and going above and beyond are the best ways to serve our customers.

Product Offering

Components

We offer a wide range of aircraft components from the industry's leading manufacturers. This includes everything from actuators and pitot tubes to detector units, valves, and transponders.

Quality

We house our inventory in our Chicago headquarters. Pioneer Aero Supply follows strict FAA standards and holds an ASA 100 accreditation.

Speedy Service

Our team is responsive and fast! We offer 24/7 AOG support for any part on the shelf. Most orders ship the same day (CST). We have easy access to both Midway (MDW) and O'Hare (ORD) airports. Supported by major carriers from FedEx and UPS to DHL, freight forwarders and couriers.

Customer Base

Airline Industry

We also serve commercial airlines, providing parts and equipment for their fleet maintenance and repair. From Lufthansa to Sun Country Airlines we have solid industry relationships. Our customers trust our reliability.

1

General Aviation

If there is an aircraft part in demand, we likely have it on the shelf. If not, we can get it for you. We have access to parts from Boeing, Airbus and suppliers worldwide.

2

Competitive Advantage

1 Expertise

Our staff has over 100 years combined experience and extensive knowledge of the aviation industry. This allows us to provide personalized service and guidance to our customers.

2 Quality

We are committed to providing a seamless and high quality customer experience. Pioneer Aero Supply is an ASA 100 Certified supplier. This ensures responsibly sourced parts, meeting or exceeding FAA standards.

3 Innovation

We are constantly seeking new and innovative solutions to meet customer demand and the evolving needs of the industry.

Future Plans and Growth Strategy

Warehouse Expansion

In 2023 we purchased a new headquarters in Chicago, Illinois to expand our product offerings.

In the near future we will launch our state-of-the-art facility.

International Expansion

We have customer support teams in Turkey and the UK for 24 hour coverage. By 2024 we plan to launch a warehouse facility in the UK increasing our speed of service to customers overseas.

PIONEER
AERO SUPPLY

We are here to serve

At Pioneer Aero Supply, LLC, we are committed to providing the highest quality products and services to our customers, backed by our unparalleled expertise and commitment to innovation. We stand ready to meet the evolving needs of the aviation industry, both now and in the future.
