DEPOSIT: A \$500 **nonrefundable** deposit is required to hold your puppy. The seller guarantees that your chosen puppy will not be sold to any party other than the buyer as long as the buyer picks up the puppy on the agreed upon date. Buyer may send deposit via Paypal, Cashapp, or Zelle. Payment is due on pickup date in the form of Paypal, Cashapp, Zelle, or Cash. In the event that the buyer can no longer pick up said puppy, deposit will be moved to another litter of Buyer's choosing. Buyer can pick and transfer their deposit **once**, after which deposit will be

forfeit if Buyer backs out again. Please note that **color and/or gender cannot be guaranteed**. In the event that the desired puppy is not produced, Buyer's deposit will be moved to another litter of their choosing. In the event of a **reabsorbed litter, premature death, or any other act of God**, the deposit will automatically transfer to the next available comparable litter.

GUARANTEE: This puppy is guaranteed to be in good health, to the best of the seller's knowledge. If he/she wishes, the buyer has 72 hours, from the time of pick-up, to have the puppy checked by a licensed veterinarian. **IF THERE IS A PROBLEM THAT CANNOT BE RECTIFIED** the puppy may be returned to us, at the buyer's expense, on the day following this vet exam, along with the veterinarian's statement indicating the problem. A full refund of the purchase price will be given, providing the problem is covered. (Exclusion: This does not include the presence of parasites and/or worms and also does not apply to a health problem resulting from injury or accident due to buyer's negligence) Viral or bacterial infections such as Coccidia and Giardia are easily treated and very common in puppies. These are not covered in the health guarantee as puppies are naturally at risk for them. They can be picked up in transit or due to stress when going into a new home, but are nothing serious and are easily taken care of should they occur. Umbilical hernias, otherwise known as "outie belly buttons" are also not covered in the health guarantee.
