ABOUT US

What The Brand Represents?

The brand Frutaq is a industry supplier of fruit and vegetable derivatives with offices located in Madrid (Spain) and Orlando (USA). With connections in more than 10 countries, Frutaq is expanding everyday. Every member of the Frutaq team is invested in the process of making our client experience the best it can be. One of our core competencies is our ability to consolidate orders and customize them according to what your business needs to succeed. With a huge variety of products and our ability to globally supply products throughout the year, we have established a competitive advantage over our competitors.

Fresh Spanish Produce

We process high quality authentic Spanish fruits and vegetables and make concentrates, purees, NFC juices and much more! Our selection of fruits and vegetables include citrus fruits, red fruits, Mediterranean fruits, tropical fruits, vegetables and plants. Ensuring high quality is a priority here at Frutaq as we want our clients to receive the best product possible.

Extensive Quality Control

Frutaq has a very rigid safety and quality check protocol that we go through with every order placed. Due to the extensive quality control, Frutaq has several quality certifications ensuring we meet all food standards as per required.

Over 20 years of experience

Our team consists of experienced professionals in the food and nutrition industry with over 20 years of experience in diversified products

Ability to consolidate containers

We don't limit our clients to just one product per container. rather you have complete freedom in mixing and matching different products by pallets. Our minimum order requirement is just one container!

Customized orders according to buyer needs

We understand that businesses have specific needs and we at Frutaq aim to match them by facilitating our clients to send specifications of their preference and we in turn match them by providing a customized order.
