PLEASE READ CAREFULLY BEFORE/WHEN USING THIS SITE:

This site does not provide medical advice. The content is for informational purposes only.

Please consult with your Doctor (GP) on all medical issues regarding your condition and its treatment. The Content is not intended to be a substitute for any professional medical advice, diagnosis, or treatment. It is not a substitute for a medical professional, nor does it replace the need for services provided by qualified medical professionals.

Always seek the advice of your medical professional before making any changes to your treatment or medication. Any medical questions should be directed to your doctor.

Each person responds differently so working together with you and the information you provide, enables us to tailor your therapy to best match your needs, individual requirements, and personality type.

There are no guarantees that any of the treatment undertaken will solve your issues. It is our intention to help you to help yourself, by enabling you to be aware of what is troubling you, make sense of your experiences and helping you to make the appropriate changes you desire.

We can make no promises that we can help you, however, we can promise to do our best to help you.

HYPNOTHERAPY and its approach can provide many beneficial effects, however hypnosis/hypnotherapy itself is not a substitute for proper medical attention from a qualified medical professional.

Any information detailed on this site is not intended to diagnose, treat, cure, or protect against any disease or illness, always seek advice from a qualified medical practitioner.
