

# Telehealth Mobile & Desktop Apps

TherapyAppointment offers a mobile & desktop app for users that prefer a native application for telehealth.

Please note this applies for both clients and providers!

---

## Application

To download the application ahead of time:

- Use the following link: Telehealth Application Download (<https://app.telehealth.therapyappointment.com/conf/apps/downloads>)
  - Pick your appropriate device type and click [Download](#)
  - Install the app, and you're done for now!
- 

## How to Use

- Install, then join a telehealth session as you normally would from your TherapyAppointment account
- You do not need to do anything with the application specifically, no signing in, etc.

**⚠ Note: Do not launch anything from the telehealth app itself.**

The application will automatically open once launched from TherapyAppointment!
