

Just "Leaf" Me Be by Bonnie New 2017

I designed this block after doing some gardening. I love the look of the various leaves! Included are 3 sizes of leaves for you to use. Use one size or all sizes for your blocks. Use raw edge applique or turn the edges, it's your choice. The veins on the leaves are just a suggestion, the main goal is to get the leaf on the square anyway you prefer. See the layout diagram.

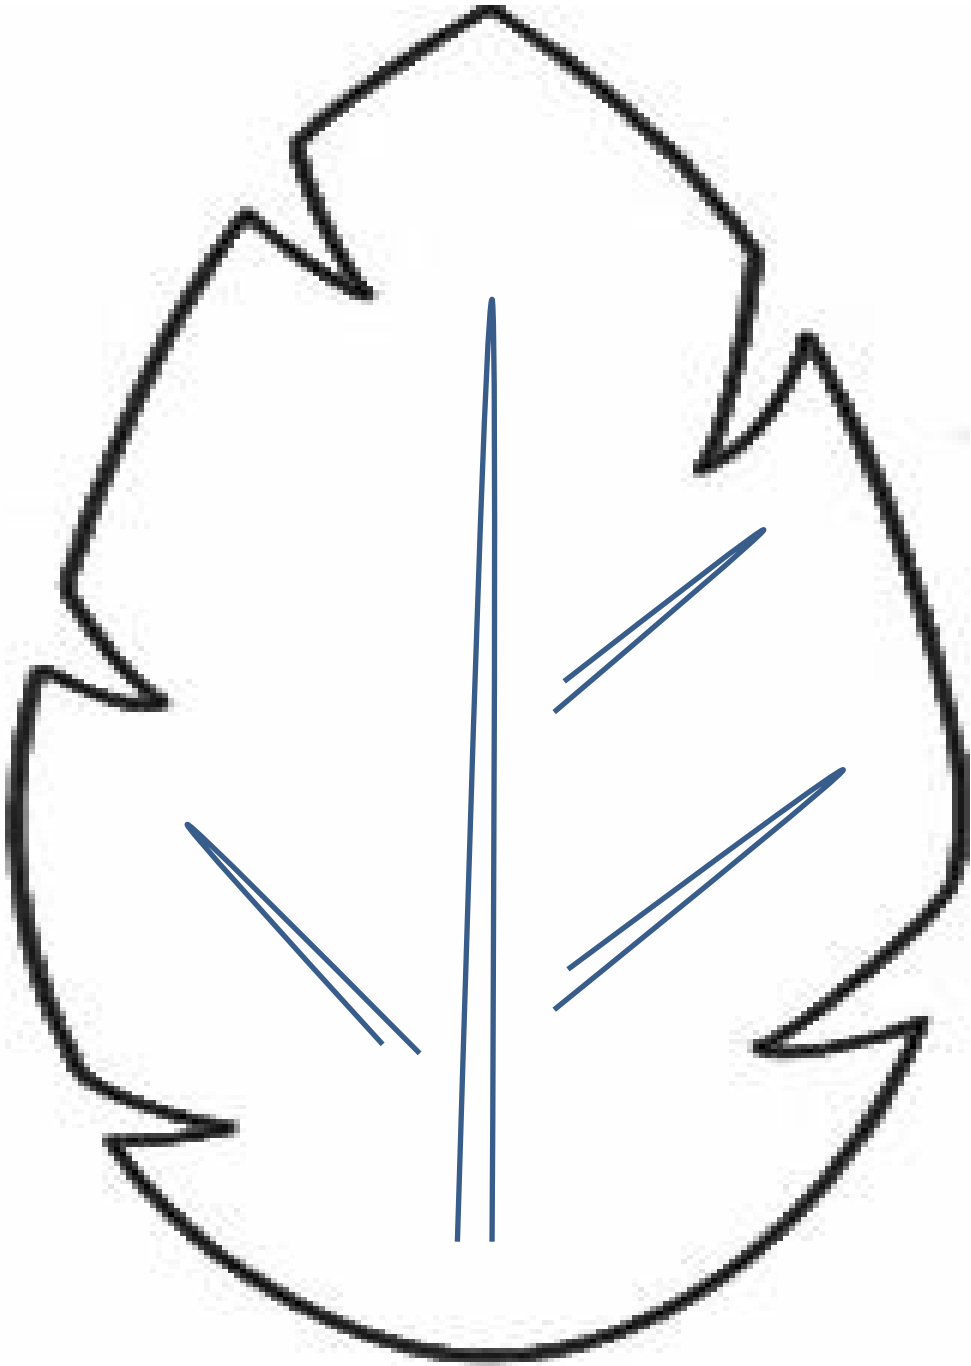

Have fun with your leaves!!! -Bonnie

9.5" finished block (Use layer cakes!)

Background color - Blue

Leaf color - Green

Make several leaves and apply with fusible to fabric squares to make a quilt to just "leaf" around. Raw edge applique and a vein stitch will make this very interesting.
