**“Wow. What can I say about Glenn that hasn't already been said. Glenn is a hard worker, actor, producer, writer, and director, and leads the new movement that feeds off his upcoming film, "Tested". If you support change, love, hope, and light, offer donations, or partnerships to help Glenn finish his project, stopped and deterred by COVID, when he returned an approximate \$6 million investment that would have helped him complete this important film and movement. Glenn is easy to work with, extremely communicative, and one of the nicest Scots you will ever meet. Be sure to take a look at his IMBd page, too. Thanks, Glenn for allowing me to take part in promoting your endeavor. You won't be disappointed working with Glenn in the entertainment industry.”
