

PROGRAM SPONSORSHIP

Overview

Play is Healing is a community wide partnership with collaborative outreach initiatives supporting youth and family mental health. Program captains Above & Beyond Children's Museum, the Sheboygan YMCA, the Sheboygan Community Recreation Department, and Mead Public Library, in addition to other community playmates and sponsors, have teamed up to provide playful educational experiences developed to support our children's mental health and healing, overall well-being, and positive connection to others.

The Play is Healing community partnership relies on generous community sponsors to maintain the program free of cost for youth participants. With your donation, you will be providing resources needed to continue the program long term as well as help it grow to meet further needs of the community.

Please help us with our goal of connecting our community through play, to heal and support youth mental health.
