

# MOVING BEYOND UNCONSCIOUS BIAS

*"It's time.  
You're ready."*

A unique approach that works.

## A Two Part Learning Experience

October 14 and 21, 2021  
11 am to 1 pm CST

This free series is limited to 25  
attendees. One Associate per  
FC bank can attend.

TLG's **Moving Beyond Unconscious Bias** - This session picks up where most unconscious bias workshops end. Participants are introduced to TLG's Anatomy of an Ism and learn the distinctions between bias, stereotypes, prejudice, and discrimination and their unique connections to our thoughts and behaviors. This session is consistent with TLG's curriculum of facilitated workshops in how it invites honest dialogue, self-reflection, and analysis. Time and time again, participants report leaving TLG's Moving Beyond Unconscious Bias session with a clearer understanding of how to change behaviors to improve diversity, inclusion, and engagement.

**If Your Goal** is to encourage, support and model behaviors that reflect the mission, vision, and purpose of your organization, then we would encourage you to engage in our educational process.

### Our Process:

- **Educate** - to achieve a clear understanding of terminology
- **Engage** - in dialogue that informs and empowers
- **Examine** - ineffective and effective behavioral patterns

### What People Say:

"This was more impactful than any other unconscious bias workshop I've ever attended. I learned so much."

"Clear and distinct definitions of stereotype, prejudice, and discrimination really helped me see where problems begin and it's not with bias."

"I feel empowered."
