

ALDEA MIZÚL

Your Guide

FOR YOUR STAY IN THE ALDEA

INTRODUCTION

Welcome

You are about to arrive to a place of peace and tranquility, surrounded by virgin nature. If you enjoy walks on the beach, orange sunsets and starry nights, this place is for you. Aldea Mizúl is a sanctuary that coexists with the environment in its purest state. Here the sea, the vegetation and the silence are part of the experience.

OUR HISTORY

Aldea Mizúl was not born from a sudden idea, but from a deep dream.

It was conceived by Matusalén Escamilla Silva (R.I.P.), a native of Hidalgo, Villa de Tututepec. A man of the countryside, a tireless worker, he dedicated his life to agriculture and cattle raising in these lands. Here, where the sea and vegetation today embrace our cabins, he imagined a place of rest, peace and natural beauty.

Although life did not allow him to see his dream come true, his spirit was sown in every corner of this space. His legacy lives on, not only in the land he cultivated, but in the very essence of Aldea Mizúl.

The name Mizúl was born in his honor, and also in honor of his wife Minerva. It is a fusion of their names: "MI" for Minerva and "ZUL" for Sulén, as Matusalen was affectionately known.

This refuge is, in essence, a story of love, perseverance and deep roots.

ARCHITECTURE

Aldea Mizúl's architecture stems from the desire to integrate, not impose. The circular layout of the structures allows a panoramic view and creates a sense of spaciousness, without breaking the harmony with the landscape.

The choice of local materials such as wood and palapa not only responds to a natural aesthetic, but also to a commitment to sustainability and thermal comfort.

Each space was designed to invite relaxation: open terraces, private pools with a view of the sky, minimalist interiors, and an earthy color palette that reflects the calm of the surroundings. It is a design that breathes with the environment and allows the guest to feel part of it.

RESTAURANT & BAR

Noxtle is the gastronomic proposal of Aldea Mizúl. Here we fuse Mixtec culture with the coastal flavor of Oaxaca, using fresh ingredients from the region.

Our cuisine offers local dishes with a contemporary twist, highlighting the richness of the land and the sea.

The atmosphere is relaxed, open and perfect to enjoy every bite without rushing, surrounded by nature.

We are open daily from 9:00 a.m. to 9:00 p.m., and on Sundays we invite you to try our traditional Mixtec barbecue.

The logo for Noxtle is located in the top right corner of the page. It features a dark grey arched background. At the top of the arch is a silhouette of a person's head wearing a sombrero. Below this, the letters 'PXM' and 'OAX' are positioned on either side of a central graphic. The word 'NOXTLE' is prominently displayed in a bold, sans-serif font. Underneath 'NOXTLE', the text 'COCINA ÉTNICA EXPERIMENTAL' is written in a smaller, all-caps font. Below the logo, there is a circular green icon containing a white fork and knife. The main part of the image shows three dishes served on rustic wooden plates and bowls. One dish is a bowl of food with yellow corn, dark beans, and shredded cheese. Another is a plate with a piece of meat, possibly a steak, garnished with blueberries and green herbs. The third is a plate with a large, golden-brown fried item, possibly a tamale or a piece of bread, garnished with yellow corn and green herbs. A silver fork is placed on the wooden surface next to the dishes.
