# UNDERSTANDING ASSISTED LIVING

## ENTENDIENDO VIVIENDAS ASISTIDAS

When Assisted Living Facilities were first created, they were more like a Retirement community. If a person had incontinence issues or required more personal care, they would have to leave the facility and go to a Skilled Nursing Home. Eventually, the government and the healthcare industry worked together to create regulated communities to provide appropriate care in order to meet the needs of each individual.

Once the Assisted Living Facilities were established, the need for other types of alternative housing came to light such as Independent Living, Adult Family Care Homes and Alzheimer-Dementia Units. In Florida, small, six bed facilities (private homes) are gaining popularity due to the fact that they can provide even more personalized care. They are licensed and regulated by the same agencies that govern all of the Assisted Living Facilities, regardless of size.

Many people do not completely understand the concept of, or what is actually offered in an Assisted Living Facility (ALF).

A prospective candidate for an ALF is usually in need of at least one or more Activities of Daily Living (ADLs). Some of the ADLs are showering, dressing, toileting and medication management. The staff of an ALF is trained to provide assistance with all of those ADLs along with housekeeping, laundry, transportation and social activities.

Most facilities are paid for by private, "out of pocket" funds.

Quando las viviendas asistidas se crearon por primera vez, era como una comunidad de jubilados. Si una persona tenía problemas de incontinencia o requería una atención más personal, tenían que abandonar el centro e ir a un sanatorio. Finalmente, el gobierno y la industria de la salud trabajaron juntos para crear comunidades reguladas para proporcionar la atención adecuada con el fin de satisfacer las necesidades de cada individuo.

Una vez que las instalaciones de viviendas asistidas se establecieron, la necesidad de otro tipo de alojamiento alternativo salieron a la luz, tales como centros Independiente, Hogares de Cuidado Familiar y Unidades de Demencias. En la Florida, las instalaciones pequeñas, (casas particulares) están ganando popularidad debido al hecho de que puedan brindar atención más personalizada. Ellos están autorizadas y reguladas por los mismos organismos que rigen todas las instalaciones de vida asistida, independientemente de su tamaño.

Muchas personas no comprenden el concepto de, o lo que está siendo ofrecido en una instalación de vida asistida (ALF).

Un posible candidato es por lo general cuando la persona necesita asistencia por lo menos en una o más actividades de la vida diaria (AVD). Algunas de las AVD son ducharse, vestirse, ir al baño y administración de medicamentos. El personal de la ALF está capacitado para brindar asistencia con todas las AVD junto con la

However, financial assistance can be found through the Veteran's Administration, Long Term Care Insurance, and state programs, if certain requirements are met.

Overall, the best way to describe Assisted Living is to think of it as a bridge between living at home and living in a Skilled Nursing Facility. Assisted Living has a residential focus with a home-like environment while a Nursing Home is primarily a medical institution.

Placement Counselors has been helping families find placement for their loved ones since 1999. We provide experienced counselors who have been in the healthcare field for over 20 years and are knowledgeable in all aspects of placement including all financial programs available.

On a personal note.....

Many families feel they want to keep their loved one "at home" for as long as possible. The truth is, keeping them home may not be in their best interest. If left at home alone or with just one caregiver for only a few hours a day, Mom or Dad will not get the social interaction they need.

The most important thing is to never compromise the care of your loved one. If being "home" can no longer provide the adequate care physically and emotionally, then it's time to give them what they are so deserving of.....a carefully chosen Assisted Living Facility. •

limpieza, lavandería, transporte y actividades sociales.

La mayoría de las instalaciones son pagas privadamente. Sin embargo, la asistencia financiera se puede encontrar a través de la Administración de Veteranos, Seguro de Cuidado a Largo Plazo, y los programas estatales, si se cumplen ciertos requisitos.

En general, la mejor manera de describir Assisted Living es pensar que es como un puente entre vivir en casa y vivir en un centro de enfermería especializada. Assisted Living tiene un enfoque residencial con un ambiente hogareño, mientras que un hogar de ancianos es principalmente una institución médica.

Los consejeros han estado ayudando a las familias a encontrar la ubicación de sus seres queridos desde 1999. Ofrecemos asesores experimentados que han estado en el campo de la salud desde hace más de 20 años y son expertos en todos los aspectos en hogares alternativos e incluso para todos los programas financieros disponibles.

En una nota personal .....

Muchas familias sienten que quieren mantener su ser querido "en casa" por el tiempo que sea posible. A veces, dejarlos en casa puede no ser la mejor opción. Si se deja a la persona sola en casa o con un cuidador por unas pocas horas al día, su ser querido no logrará la interacción social que necesita. Lo más importante es no comprometer el cuidado de su ser querido. Si en su "hogar" usted no puede darle la atención adecuada física y emocional, entonces es el momento de darle a su ser querido lo que se merece... Un Centro de cuidado seleccionado con la ayuda de un profesional. •
