SECURING YOUR MEDICAL RECORDS

BY HUMBERTO FORTUNA, MA, MS

Disaster can strike without warning, forcing you to confront an unexpected situation. Are you prepared? Knowing what steps to take before an emergency can greatly reduce danger and stress.

Here in Florida, we have the constant threat of hurricanes. They can cause extensive damage to your personal records due to winds, rain and flooding. Having an emergency plan already in place ensures that you will have the information needed should a disaster affect you personally.

We all know how to put up our shutters, fill the bathtub with water and stock the appropriate supplies, but do we know how to make sure that all of our important documents remain safe and intact?

Let's review what personal information is crucial to have access to in case of an emergency. Knowing what to do and how to do it can help your family manage disasters with less worry, fear and uncertainty.

Some of the items that should be kept safe and secure are: personal identifications, copies of birth certificates, marriage licenses, death certificates, inventory of household goods, bank account information and most important of all, your medical records. This article will be focusing, primarily on your medical records.

Today, technology can be our best friend in these situations. The use of a waterproof, electronic medical device can help us in many ways. This portable device can be plugged into a computer (through the USB port), and can hold all your medical information and keep it secure throughout a disaster. Special software is not needed in many cases.

Of the choices available where no software is required, our research has shown that the best device on the market today is the ER Card.

Keeping your personal healthcare information with you at all times is key as well as having the ability to provide this information, complete with past history and medications, as needed.

Having a device containing your personal information will ensure the sharing of that information across multiple settings to include hospitals, emergency departments, physician's offices and more.

Having this device will minimize failure to diagnose, or delay a diagnosis with the end result causing over testing and over treatment.

Since you will be the one to coordinate all of your information, how much of it you wish to include is up to you. We recommend that you document information that would be vital to your treatment in all situations.

Portable health record devices, such as the ER Card, were developed under the premise that great care starts with great information. When care is needed in an emergency situation, your personal medical information will be crucial to your receiving the correct care.

The following is a list of recommended information to be put on a portable device: current medications (prescribed or over the counter and herbal supplements), blood type, allergies (to food or medication), medical conditions, emergency contacts, physical or verbal limitations, major surgeries (anything removed or implanted), Primary Care doctor and phone number, treatment specialists, emergency evacuation information and advance directives

Having a plan for emergencies and disasters can help loved ones gain peace of mind as well as save your life! •

ASEGURAR SU HISTORIAL MÉDICO

POR HUMBERTO FORTUNA, MA, MS

Un imprevisto aparece sin aviso enfrentándolo a Usted a una situación inesperada. ¿Está usted preparado para eso? Saber los pasos a seguir antes de una emergencia puede reducir el peligro y el stress.

Aquí en Florida tenemos la constante amenaza de los huracanes. Ellos pueden ocasionar un gran daño a sus documentaciones personales debido a los vientos, la lluvia y las inundaciones. Tener un plan de emergencia establecido le asegura la información necesaria si una catástrofe afecta a su persona.

Todos sabemos como levantar las (shutters), llenar la bañera y abastecerse de las provisiones necesarias, pero sabemos nosotros como asegurarnos de que toda nuestra documentación importante permanezca a resguardo e intacta.

Veamos qué información personal es crucial para tener acceso en caso de una emergencia. Saber qué hacer y cómo hacerlo puede ayudar a su familia a manejar una emergencia con menos preocupación, miedo e inseguridad.

Algunos de los elementos que deben permanecer a salvo y seguros son: identificaciones personales, certificados de nacimiento, acta de matrimonio y lo más importante de todo, su documentación médica.

Hoy en día, la tecnología puede ser nuestro mayor amigo en estas situaciones. El uso de un dispositivo medico electrónico a prueba de agua/sumergible, nos puede ayudar de muchas maneras. Este dispositivo portátil puede conectarse a una computadora (a través de un puerto USB) y puede archivar toda su información médica y mantenerla a salvo durante una catástrofe. No es necesario un software especial.

De las elecciones posibles en el Mercado que no necesitan un software especial, encontramos que el mejor dispositivo al día de hoy es ER Card.

Mantener su información médica con usted en todo momento es clave como también poder proveer esta información completa con su historia clínica pasada y las medicaciones cuando es necesario.

Tener un dispositivo conteniendo su información personal le asegurará poder compartirla con diversos establecimientos incluyendo hospitales, departamentos de emergencia, consultorios médicos y más.

Dado que usted será la persona a cargo de coordinar toda su información, la cantidad que considere incluir depende de usted. Le recomendamos que documente toda la información que sería vital para su tratamiento en esas situaciones.

Los dispositivos como ER Card, fueron desarrollados bajo la premisa de el principal cuidado empieza la información principal. Cuando es necesaria asistencia en una situación de emergencia, su información médica es crucial para que reciba la correcta.

La siguiente es una lista de la información recomendable para ser incluida en el dispositivo: Medicaciones en la actualidad (prescritas, y suplementos de hierbas), Grupo sanguíneo, Alergias (a alimentos o medicaciones), Condición médica, Contactos en caso de emergencia, Limitaciones físicas o verbales, Cirugías (extirpación o implante), Médico clínico de cabecera y su teléfono, Médicos especialistas, y información en caso de evacuación.

Tener un plan de emergencias y catástrofes puede ayudar a sus seres queridos a mantenerse serenos mientras salva su vida! •

AGING IN PLACE

BY WANDA E. GOZDZ, CAPS, ESMM

Maria lived alone in her two-story home after her husband passed away. After she was diagnosed with cancer, her physical and medical needs changed almost overnight. A full-time caregiver became necessary and her home required changes to accommodate her current situation. Despite her circumstances, Maria was able to “age in place” by making some modifications to her home. Many of us can relate to a friend or relative in a similar situation.

Like Maria, most Americans want to “Age in Place.” They want to stay in their own home and remain independent for as long as possible (AARP). A 2005 U.S. Census Bureau report released the following statistics: seventy-eight million baby boomers will retire during the next 25 years; ten thousand people will turn 65 years old each day; and 3,105,230 Floridians are currently 65+ years old. As the population ages, changes will be required for seniors to prepare for the future.

How can you or your family prepare your home for “aging in place?” It depends on your needs and the design and conditions of your home. MetLife’s Mature Market Institute’s report, *Aging in Place 2.0: Rethinking Solutions to the Home Care Challenge*, provides suggestions for three possible areas of modification and the estimated costs of those changes. (maturemarketinstitute.com):

1. Fall prevention: removing throw rugs, installing grab bars, providing good lighting, securing or removing carpets at stairs, and installing soft path lighting for night time mobility. Cost:

\$1,000.00 or less.

2. Entryway, easy movement, and use of home features:

reducing the number of stairs, increasing the horizontal depth of steps, installing hand rails, providing a clear no-step path to the bedroom and bathroom and rearranging interior space for ease of movement. Cost: \$4,500-\$30,000.

3. Substantial remodeling and equipment:

installing a no-step shower, bath-lift mechanism, seated sink, comfort height toilet, seated/multi-level food preparation area, sun and rain protected outdoor areas and backup power sources for power outages. Cost: \$8,000-\$75,000.

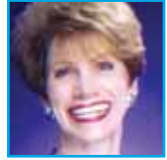

Professional assistance can go a long way in preparing seniors for the future. A Certified Aging in Place Specialist (www.nahb.org) can help design modifications to accommodate changing needs. Additionally, a Senior Move Manager (www.nasmm.org) can assist seniors with downsizing, moving, packing and dispersal of unneeded material. Implementing the right combination of home and lifestyle modifications may be the first step for you or your family member to “age in place,” both independently and safely.

ENVEJECIENDO EN CASA PREPARANDONOS PARA EL FUTURO

POR WANDA E. GOZDZ, CAPS, ESMM

De acuerdo al censo en los Estados Unidos setenta y ocho millones de personas se retirarán durante los próximos 25 años; diez mil personas cumplen 65 años cada día; y 3.105.230 Floridenses () actualmente son mayores de 65 años. De los cuales 43.9% son del sexo masculino y un 56.1% del sexo femenino.

La mayoría de los Estados unidenses quieren “envejecer en su Casa”, esto significa de que ellos quieren quedarse en sus hogares y permanecer independientes el mayor tiempo posible. A la medida que envejecemos se requieren más servicios ya sea de cuidado personales y clínicos. ¿Cómo impacta esto en la familia?

Mi padre falleció en 1989 y mi madre vivió sola en su casa de forma independiente hasta que entrado el año 2000 fue diagnosticada con cáncer. Sus necesidades tanto físicas como médicas cambiaron y su estilo de vida sufrió el impacto. Un Cuidador de tiempo completo fue necesario como también hacer modificaciones en la casa. A pesar de todo, ella era capaz de “envejecer en casa” realizando algunas modificaciones en su hogar. Muchos de nosotros recordaremos situaciones parecidas de algún familiar o amigo.

¿Cómo puede Usted o su familia preparar su hogar para “envejecer en casa”? Depende de sus necesidades, el diseño y las condiciones de su casa. El Instituto Metlife Mature Market ha realizado recientemente un reporte [Envejecimiento en Casa: Re pensando soluciones para el desafío del Sistema del cuidado en Casa que](#) detalla los costos estimados para la remodelación de un hogar:

1. Prevención de Caídas: sacar los tapetes, instalar barras agarraderas, proveer de buena iluminación, sacar

alfombras de las escaleras, e instalar luces de noche para poder desplazarse. El costo es de \$1,000.00 (USD) o menos.

2. La Entrada, el fácil movimiento, y el uso de las características del hogar: Reducir el número de las escaleras, aumentar la profundidad horizontal de los escalones, instalar barandas, poner rampas en caso de haber escalón en el paso hacia el baño o la habitación y reacomodar el espacio interior para un fácil desplazamiento. Costo: \$4,500-\$30,000 (USD).

3. Remodelación sustancial y el equipamiento: instalar una ducha sin escalón, un mecanismo de elevación para el baño, un lavabo, retrete a una altura acorde, el área de preparación de los alimentos con distintos niveles de altura, un área al aire libre con protección para el sol y la lluvia Costo \$8,000 - \$75,000 (UDS)

Estas modificaciones permitirán que el adulto mayor viva independientemente de manera segura. Para recibir el Reporte Metlife y El Manual de “Envejecimiento en casa” visite Para ubicar un especialista visite www.nahb.org.

Un especialista en mudanzas puede asistir a los mayores a realizar los ajustes necesarios, movimientos, empaque y la reacomodación de materiales innecesarios. Para encontrar uno en su área visite www.nasmm.org.

OLD AGE IS NOT A PROBLEM

BY MÓNICA FORTUNA, PSYCHOLOGIST

We all know what to do in order to age well in our bodies. The doctors are always reminding us:

- lower your cholesterol by eating healthy foods
- keep active by walking, moving and exercising
- lower your blood pressure and balance it with a healthy diet, hydration and medications, if prescribed. Probably you will remember other tips from your doctor as well.

Now...What happens to our soul? Does it age? "Soul," from the Latin word, animus, meaning mind, courage, desire, related to anima, meaning living being, mind, disposition, passion, courage, anger, spirit and feeling. We can simplify it in a few words..... ATTITUDE TOWARDS LIFE.

No my dear friends, there is no age for our soul, but we must take care of it and develop it. We go through our lives living many ages at the same time:

- Chronological age (what our identifications "announce." So we can not lie!)
- Our organ's age (the aging that has taken place since we were born and there is no "botox" for that)
- The age that other people believe we are (watch out! The person who believes we are older than we are becomes our "enemy"!)
- The age we **feel** we are.....**our soul age**

Look at yourself, and not only in the mirror. Observe your daily actions. Get connected with yourself. What age do you **feel** you are?

The answer to this question lies in our **attitude towards life.**

Our body experiences limitations as we get older. In spite of that, our soul and our desire have the beautiful capacity to search for a way to keep developing itself. The secret is...**WE MUST WANT IT!!**

Of course, when I'm in my 70's or 80's and have to use a walker or wheelchair and I want to dance as I did in my 30s, I could not. **BUT...Who says that I could not dance?**

Many of you may answer "I CANNOT DO IT ANY MORE, I AM OLD", others may say, "I AM GOING TO FIND A WAY TO KEEP DOING IT"

Which one do you identify with?

If it is the second one, **insist** that you **want it**. All your physical and emotional systems will organize and use all of your creativity to do it. I am sure you will find a way!

It is not to deny a reality, not at all. It is to change something that is an impediment to something productive. Looking around us, we will see many examples of friends, neighbors, artists, professionals and people from all walks of life who did not stop '**living**' with the passage of time.

Maybe you are one of those people who are always '**BETTING ON LIFE.**' Congratulations! Keep it up!

Or, maybe, you are one who believes that enjoying life is only for young people... perhaps you will make me eat my words...Oh! You will not? Ok, then I invite you to try to Encourage Yourself!

Take something you desire to do, one of those things that you think age doesn't allow you to do anymore, love, dance, play, etc. Remove all of the spider webs from your mind, and after dedicating some time, although not much time, to being upset, thinking that you cannot do it now as you once did – let's now be creative!

Look for support from friends and professionals. Look for information. Look at what others do in the same situation. LEARN. Trust in yourself. It is not easy but it is heartwarming, amusing, and healthy. Your body will even THANK YOU! You will be surprised to see that apparently, in a

magic way, you have created a new way to keep doing what you desire to do. No doubt! You will prove to yourself that **age is not a problem that will keep you from enjoying life.** You have found LIFE! Cheers!

A gift to think about.

...Deserving life is a vertical uplifting beyond harm, beyond falling down, is the same as giving the truth and our own freedom a big WELCOME.

Just lasting longer and being there does not give us bragging rights, because it is not the same as living life ...Honor Life!

LA EDAD NO ES UN PROBLEMA

POR MÓNICA FORTUNA, LICENCIADA EN PSICOLOGÍA

Sabemos qué hacer para envejecer saludablemente, los médicos no se cansan de decirlo:

- NO COLESTEROL, es decir una alimentación sana.
- NO SEDENTARISMO, caminar, moverse, hacer ejercicio.
- NO HIPERTENSIÓN, mantener la presión arterial equilibrada con una buena alimentación e hidratación, y medicación si así lo indica el profesional.

Seguramente recordará algún tip más...

Ahora... ¿Nuestra alma, envejece?

Alma en el sentido de *animus* del latín "alma, mente, coraje, deseo", relativo a *anima* como "ser viviente, alma, mente, disposición para, pasión, coraje, enfado, espíritu, sentimiento". Que podemos sintetizar en ACTITUD FRENTE A LA VIDA.

No amigos lectores, No hay edad para el alma, igual hay que cuidarla y potenciarla. Vamos por la vida transitando muchas edades:

- la edad cronológica (la que delata nuestro documento y no nos deja mentir!)
- la edad de nuestros órganos (que envejecen desde que nacemos y no hay Botox que lo detenga)
- la edad que los demás creen que tenemos (y ¡jojo! Con lo que nos dicen porque si nos dan más...pasan a ser nuestros enemigos!)
- **la edad que sentimos que tenemos, la edad de nuestra alma.**

Mírese y no sólo al espejo. Observe sus acciones diarias. Conéctese con su interior, sienta. Y ahora pregúntese **¿Qué edad siente que tiene?** Esta pregunta solamente será contestada por nuestra actitud frente a la vida.

Nuestro cuerpo va teniendo limitaciones a través del tiempo y nuestra alma, nuestro deseo, tiene la bella capacidad de encontrar la forma para desarrollarse a pesar de ello. Hay que tener ganas.

Por supuesto que si llegué a los 70s con bastón, o en silla de ruedas, y quiero bailar como lo hacía a los 30, no lo podré hacer pero...**¿Quién dice que no puedo bailar?**

Muchos responderán "YA NO PODÉS HACERLO ESTÁS VIEJO", otros "YO TE DIGO QUE ENCONTRARÁS LA FORMA PARA SEGUIR HACIÉNDOLO". ¿Con cuál se identifica?

Si la segunda es la que lo representa, insisto **si tiene ganas**, todo su sistema corporal y anímico se organizará poniendo al servicio su creatividad en función de ello. Le aseguro que encontrará la forma.

No se trata de negar una realidad, de ninguna manera, sino que de transformar aquello que se presenta como un impedimento en algo productivo. Si miramos a nuestro alrededor veremos varios ejemplos de esto en amigos, vecinos. Artistas que no se detuvieron frente al paso del tiempo.

Quizá Usted sea de aquellos que siempre apuesta a la VIDA y ¡Lo felicito, siga así!

O quizá sea de aquellos que cree que el disfrute de la vida es solo para los jóvenes...entonces intentará enterrar mis palabras...¡oh!¿No? entonces lo invito a que pruebe...¡Anímese!

Tome un deseo de esos que Usted cree que *la edad ya no se lo permite*: amar, bailar, jugar, etc. Sáquele las telarañas y después de dedicarle un tiempo, no mucho, a que no lo puede hacer como antes, ¡Póngase a crear!

Busque apoyo en amigos, en profesionales, solicite información, mire como hacen otros en su situación, aprenda. Anímese y confíe en Usted. No es fácil pero es reconfortante, entretenido y saludable. Hasta su cuerpo se lo agradecerá. Se sorprenderá al ver que de una manera aparentemente mágica habrá creado una nueva forma de llevar adelante su deseo. Sin ninguna duda comprobará que la edad no es un problema para seguir disfrutando aunque sí sirve muchas veces de excusa.

Habrá encontrado la Vida. ¡Salud!

Un regalito para reflexionar.

...Merecer la vida es erguirse vertical, más allá del mal, de las caídas Es igual que darle a la verdad y a nuestra propia libertad la bienvenida

Eso de durar y transcurrir no nos dá derecho a presumir, porque no es lo mismo que vivir honrar la vida!

Honar la Vida

HOW LONG WILL RECOVERY TAKE?

BY LESLIE V. CURTIS, DIRECTOR OF BUSINESS DEVELOPMENT,
WHITEHALL, BOCA RATON

Few people like to think about the prospect of a hip or knee replacement, shoulder or back surgery, or some other difficulty that calls for rehabilitation after an initial hospital stay. But in fact, many people do face those situations because of elective surgery, an accident, or catastrophic event. Not surprisingly, one of their first questions is “how long will recovery take?”

The answer is — it varies. Patients contemplating elective orthopedic surgery must realize that rehabilitation times will vary based on age and physical condition. The average length of stay for an elective total knee replacement is about 7-14 days while total hip replacement averages 14-21 days, again depending on age and conditioning.

Other elective surgeries include laminectomies and rotator cuff (shoulder) surgeries. These patients tend to average 7-21 days.

Of course, not all patients who require rehabilitation check into a facility for elective reasons. Patients who suffered heart attacks or had cardiac surgery will likely seek inpatient rehab for both medical management and re-conditioning; average length of stay is 10-14 days.

Catastrophic events — those unanticipated problems occurring from a stroke or motor vehicle accident, for instance — also bring patients into a rehabilitation setting. In those situations they usually remain inpatient much longer, secondary to the severity of the illness or injury they have sustained.

It's important to know your options in advance for a rehabilitation facility in the same way that you've taken the time to choose a hospital and a doctor. And it's easy to learn ahead of time. •

BEAUTY ADVICE: LOOKING GREAT AT ANY AGE!

BY LAZZ MASSÓN RODRIGUEZ

Make-up extraordinaire, Lazz Masson Rodriguez, is the man responsible for the look of numerous, talents involved in the entertainment industry including Univision. Living in Miami, Lazz has been influenced by the diverse mix of cultures in that city... its distinct flavors and sounds. Miami is where he has cultivated his talent. 55+ Magazine is fortunate to have Lazz offering his beauty advice to our readers.

Dear Lazz,
As I get older, I notice that my skin is getting very dry. Besides moisturizing, are there other things that I can do to prevent this dryness? *Louise in Pompano*

Louise, it's a very natural reaction for the skin to change as we get older. My suggestion for you would be to change your moisturizer to meet your new needs. If your skin does not improve, I would suggest going to see your doctor and have your hormones checked as well as having him recommend a moisturizer specifically for you.

Dear Lazz,
Because of my thyroid problem, I have lost my eyebrows. Should I just keep using an eyebrow pencil.....what is your advice on tattooing them on? *Helena in Miami*

Helena, remember that tattooing is a permanent solution. I suggest that you search for a tattoo make-up artist that specializes in tattooing eyebrows. Make sure that you are able to see their work on someone before you decide to get it done on yourself. If it is done well, it could be a great solution for you.

Dear Lazz,
Can you tell me, once and for all, the correct way to apply mascara? And

should I put it on my lower lashes as well?
Carmen in Lake Worth

Carmen, the best way to apply mascara is to give the top of your lashes a coat to dust off the powder from the eye shadow that you most likely just applied. Do your upper lashes first and then finish with the bottom ones.

Dear Lazz,
I have very sensitive skin. When I have something waxed, I get a terrible rash. Is there a way to stop this from occurring?
Chafed in Coconut Creek

Dear Chafed, if you are getting a rash from waxing, it could be one of two things. One is the wax may be too hot and is burning you. The other is you have developed an allergy to the wax you are using. I suggest that the next time you go for a waxing, take an aspirin and see if that helps. If that doesn't help, I suggest that you consider speaking with your dermatologist and look for another alternative to this problem.

Dear Lazz,
My girlfriend told me that I put my make-up on in the wrong order. Is there a special order that one should use to apply make-up? *Bella in Hialeah*

The first thing you do, Bella, in applying make-up is start out with a clean and well moisturized face. Next, you put on your base or foundation, eye shadow, eye liner, mascara, blush and lipstick. Some people use a slightly different order, but as long as you start out clean and moisturized, you will be ok.

CONSEJO DE BELLEZA: ¡VERSE GENIAL A CUALQUIER EDAD!

POR LAZZ MASSÓN RODRIGUEZ

Extraordinario experto en belleza, Lazz Masson Rodriguez, es el hombre responsable de la apariencia de numerosos talentos de la industria del entretenimiento y de Univisión. Dado que vive en Miami, Lazz se vio influenciado por las diversas culturas de esa ciudad... sus sabores y sonidos particulares. Miami es el lugar donde ha cultivado sus talentos. Nuestra revista 55+ es afortunada de tener a Lazz dando a nuestros lectores consejos de cómo mejorar su apariencia.

Querido Lazz,

A medida que voy envejeciendo, noto que mi piel se vuelve más seca. ¿A parte de la hidratación, existen otras cosas para prevenir la resequedad de la piel?

Luisa de Pompano

Luisa, es una reacción natural que cambia la piel a medida que envejecemos. Mi sugerencia es cambiar la crema hidratante de acuerdo a sus nuevas necesidades. Si su piel no mejora, le sugiero visitar a su doctor y chequear sus niveles hormonales.

Querido Lazz,

Por mi problema de tiroides, he perdido mis cejas. Debo seguir usando mi lápiz de cejas...¿cuál es su consejo acerca de tatuarlas? *Helena de Miami*

Helena, recuerde que el tatuaje es una solución permanente. Yo le aconsejo buscar un especialista en tatuajes de cejas. Asegúrese de ver el trabajo hecho en otra persona primero. Si está bien hecho podría ser una gran solución para usted.

Querido Lazz,

¿Podría decirme, de una vez por todas cual es el correcto aplicado de la máscara para pestañas? Y puedo colocarla en las pestañas inferiores? *Carmen de Lake Worth*

Carmen, la mejor forma de aplicarla es primero en la parte de arriba para eliminar el polvo de las sobras de ojos en la parte superior de las pestañas.

Primero colóquela sobre las superiores y después termine con las inferiores.

Querido Lazz,

Tengo una piel muy sensible. Cuando me depilo me sale una erupción en la piel.

¿Existe una forma de parar con esto? *Bella in Hialeah*

Querido Chafed., si usted está teniendo erupciones puede ser por dos razones. Una es que la cera debe estar muy caliente y le está quemando la piel. La otra es que haya desarrollado una alergia a la cera que está usando. Le sugiero que cuando usted vaya a depilarse se tome un antihistamínico para ver si con eso cede. Si eso no ayuda le sugiero que hable con su dermatólogo, busque otra alternativa para solucionar ese problema.

Querido Lazz,

Mi novia me dijo que me pongo el maquillaje de manera equivocada.

¿Existe un orden especial para ponerse el maquillaje? *Bella in Hialeah*

El primer paso que tiene que hacer para aplicar el maquillaje es comenzar con la limpieza e hidratación de la cara. Después coloca la base, la sombra en los párpado, el delineador, la máscara de las pestañas, el rubor y el labial. Algunas personas utilizan un orden en algo diferente, siempre y cuando empiece limpiando e hidratando la cara va a estar bien.

Over," she has remained in the public eye as a successful recording artist,
an author and a great humanitarian.

She received her first Grammy in 1968 and racked up more than 50 hits on
Billboard's Hot 100 chart. She went on to receive **5 Grammys** throughout her

raised millions of dollars for AIDS research.
She has devoted many hours to a wide range
of humanitarian causes. She served as
the US Ambassador for Health and
was named a global Ambassador
for the United Nations Food and
Agricultural Organization.

55+ is thrilled to bring you this
interview with this very special
lady...Dionne Warwick.

55+ Our readers will be very
interested to know how you manage
to stay in such great shape. Can you
share your secrets with us?

DW I am so happy to know that people
think I am in good shape....I do have a
few pounds to lose at this time. I guess if
you think I am in good shape now, just wait
until I lose those extra pounds!! I have no
secret to share....I wish I did....

55+ Do you stick to a specific exercise and diet regimen?

DW Diet and exercise are not in my vocabulary.... honest. I guess I have good, family genes.

55+ Our readers would love to know what types of music you relax to, sing along with or get up and dance to?

DW I love to listen to Brazilian music mostly, but I love the music of my peers like Smokey Robinson, Gladys Knight, Patti LaBelle, Johnny Mathis, and many more.

55+ Looking back over the many hits you have had, does one song stand out as your favorite?

DW I treat all of my music like I treat my children. They are both my favorites. All of my songs are my favorites.

55+ I know you love Brazil, where you lived for many years and enjoy going there when you need to relax, unwind and just, overall enjoy yourself. Do you still travel there and spend time with friends?

DW Brazil has always been and still is, what I consider to be my "STRESS FREE COUNTRY." I still travel quite frequently to Brazil as I have a great deal of friends there and I feel like it is my second home.

55+ The "We Are the World" project was one of the most exciting events to be experienced by our 55+ readers. How incredible was it to be among all of those talented people creating such an emotional product?

DW I have been asked this question several times and the only answer I can give is that it was one of those times when "you just had to be there...it just cannot be described. It was a wonderful life experience and one that I will never forget!

55+ We are all so familiar with your musical collaboration with Burt Bacharach. He wrote such beautiful but unusual melodies. Were they difficult to learn? Did his wife, Carole Bayer Sager write the lyrics to all of those songs?

DW Burt did write and is still writing wonderful melodies today. The lyrics to the songs we did together were written by Hal David. He and Carole wrote many other wonderful songs together. Burt's melodies were not the easiest to learn, but since they were writing specifically for me, it was

not that difficult for me to learn them.

55+ We know you performed before kings, queens and presidents. What was your most exciting performance among them?

DW Performing for all of the heads of state and heads of countries was very exciting! I cannot pick just one or two as there have been many and each one was a memorable one.

55+ You must get asked this a lot, but who are some of your favorite performers of today?

DW I pretty much listen to my CDs as I feel the music of today is geared more for the youth.

55+ We heard Donald Trump announce on Fox and Friends that you will be appearing on the next Celebrity Apprentice Show. Can you give us more details?

DW I am not at liberty to speak to this question right now, but I hope you all tune in.

55+ Besides your talents as a singer and performer, you have now added “author” to your list of career descriptions. Do you enjoy writing?

DW Yes, I do. I have written my memoir and am very happy with it and hope to write more in the future.

55+ Do you have a special place where you write, or a special time to write?

DW It seems that when I am out on tour, I always end up doing some writing. I wrote most of my memoir while on tour. As far as a special place, I can really write

just about anywhere as long as I am comfortable.

55+ You wrote “My Point of View” in 2003 and now, your second book, “My Life As I See It” is out. If you had to describe your life as you see it in one word, what would it be?

DW In a word...BLESSED...

55+ Ms. Warwick, we want to thank you so much for sharing your feelings with us. Do you have any advice for our 55+ readers?

DW It's been a pleasure sharing with all of your readers...the only advice that I would give to anyone would be for everyone to live and love the life they live!

Thanks for the music...from all of your 55+ fans!

Be sure to look for Dionne's new book, “My Life As I See It.” Now available in all bookstores. •

Dionne Warwick

POR CINDY VanDUSEN

¡Cuando usted escucha el nombre, Dionne Warwick muchas canciones vienen a la mente...Alfie, Para eso están los amigos, Conoces el camino a San José, y muchas, muchas más!

Desde el día en que el éxito la encontró en el 1962 con el hit "No me lo hagas otra vez" ella se mantuvo en la mira del público como una exitosa, humanitaria y gran artista.

Recibió su primer GRAMMY en 1968 y más de 50 hits fueron primeras en las listas de

Billboard 's Hot 100. Recibió 5 Grammys durante su carrera. Dionne fue la primer intérprete afro americana que se presentó ante la Reina de Inglaterra. Luego continuó presentándose ante numerosos Reyes, Reinas, Presidentes y Jefes de Estado.

Dionne es una pionera en la lucha contra el SIDA. Con su canción, "Para eso están los amigos", recaudó millones de dólares para la investigación del SIDA. Ella dedicó muchas horas a una larga lista de causas humanitarias, Ella fue Embajadora por la Salud de Estados Unidos y fue nombrada Embajadora Mundial para la Organización por la Alimentación y Agricultura de las Naciones Unidas.

55+ se complace en presentarle esta entrevista con esta mujer tan especial...Dionne Warwick...

55+ ¿Nuestros lectores estarán interesados en conocer cómo hace para mantenerse con esa espléndida figura . ¿Nos puede compartir sus secretos?

DW Estoy tan contenta de saber que la gente considera que tengo buena figura ... Debería perder algunos gramos actualmente. Me imagino si ahora piensa que tengo buena figura espere a que pierda esos gramos!!! No tengo secretos que compartir...Le aseguro...

55+ ¿Usted sigue alguna rutina de ejercicios específicos o una dieta especial?

DW Dieta y ejercicio no están en mi vocabulario... honestamente. Imagino que debo tener buenos genes familiares.

55+ ¿A nuestros lectores les encantaría saber qué tipo de música prefiere para relajarse, cantar, despertarse o bailar?

DW Me encanta escuchar música brasileña por lo general, pero amo la música de mis colegas como Smokey Robinson, Gladys Knight, Patti LaBelle, Johnny Mathis, y muchos más.

55+ Mirando para atrás todos los hits que Usted tuvo, ¿alguno de ellos es su favorito?

DW Trato a todas mis canciones como trato a mis hijos. Ellos son todos mis favoritos. Todas mis canciones son mis favoritas.

55+ Sé que le gusta mucho Brasil, donde vivió por muchos años, y disfruta ir allí cuando necesita relajarse, despejarse y sobre todo pasarla bien. ¿Todavía sigue yendo allí a pasar tiempo con los amigos?

DW Brasil fue y aún es lo que considero mi "PAÍS LIBRE DE ESTRÉS". Frecuentemente viajo allí ya que tengo gran cantidad de amigos y la siento como mi segunda casa.

55+ El proyecto "Nosotros somos el Mundo" fue uno de los eventos más excitante por nuestros lectores. ¿Cómo fue estar creando semejante producto tan emocionante entre tantos talentos?

DW Me han preguntado esto muchas veces y la única respuesta que puedo dar es que fue uno de esos momentos en que solamente "Tienes que solo estar allí"...No se puede describir. Fue una maravillosa experiencia y una que nunca olvidaré!

55+ Nos es muy familiar su contribución musical con Burt Bacharach. Él escribió tanto hermosas como inusuales melodías. ¿Fueron difíciles de aprender? ¿Fue Carole Bayer Sager, su esposa, la que escribió las letras de todas las canciones?

DW Burt escribió y sigue escribiendo hermosas melodías. Las letras de las canciones que hicimos juntos fueron escritas por Hal David. Él y Carole escribieron muchas otras canciones juntos, sus melodías no eran fáciles de aprender, pero como fueron escritas para mí, me fue fácil.

55+ Sabemos que ha realizado interpretaciones ante Reyes, Reinas y Presidentes, ¿Cuál fue la más emocionante?

DW Todas las interpretaciones fueron emocionantes, no puedo elegir una o dos , cada una fue memorable.

55+ Seguramente le preguntaron esto muchas veces, pero quién es su intérprete favorito actualmente?

DW Yo escucho mucho mis CDs dado que siento que la música de nuestros días está dirigida más hacia los jóvenes.

55+ Oímos que Donald Trump anunció en Fox and Friends que Usted estaría apareciendo en el próximo Celebrity Apprentice Show. ¿Nos pudiera dar más detalles?

DW No estoy autorizada a hablar de ello ahora, pero espero que todos sintonicen.

55+ A parte de sus talentos como cantante e intérprete, se le ha agregado "autora" a la lista en la descripción de su carrera. ¿Usted disfruta escribir?

DW Sí , claro. Escribí mis memorias y estoy muy contenta. Espero escribir más en el futuro.

55+ ¿Tiene algún lugar especial donde escribe, o un momento del día?

DW Parece que cuando estoy de gira. Siempre termino escribiendo algo. Escribo la mayor parte de mis memorias de gira. Tanto como en un lugar especial , yo tambien puedo escribir en cualquier lugar

donde me sienta confortable.

55+ Escribió "Mi punto de vista" en el 2003 y ahora su Segundo libro, "Mi vida como la veo yo" salió a la venta. Si tiene que describir su vida así como la ve en una palabra, ¿Cuál sería?

DW En una palabra...BENDECIDA...

55+ Sra. Warwick, queremos agradecerle mucho por compartir sus sentimientos con nosotros, ¿Tiene algún consejo para los lectores de 55+?

DW Fue un placer compartir con sus lectores...el único consejo que le puedo dar a cualquiera es vivir y amar la vida que ellos viven!

Gracias por la música...de parte de todos sus fans de 55+
