TIPS & EXTRA INFO

- bring some walking shoes! We all know heels are for looks but not comfort. We recommend bringing a spare pair of shoes to use when walking between locations.
- Feel free to bring any props to make your photos extra fun!
- If you have any inspiration photos you really want to recreate, bring them along on your phone and we will make it happen.
- Want something a bit different to what we have suggested? We love to try something new, share your ideas with us and we will see what we can do.
- Weather: We keep an eye on the forecast leading up to your photoshoot. We will reschedule if we think necessary.
- If you have a preference for the locations let us know, if not we will choose for you. Locations can be changed up until 1 week before your photoshoot.
- The amount of locations you can fit in depends on the distance between. Let us know your top 3x choices and we will help you plan.
