## PRO WILDLIFE LURES/BAITS

Our **Lures**, have a **proprietary blend** of nuts, oils, seeds, and other special ingredients targeted for specific animals. Courageous Mouse has a special ingredient scientifically proven to reduce **"neophobic behavior"** in rodents. (*Fear of new things*)

- Food grade ingredients, no chemicals. Safe usage with all traps.
- Our Premium lures are unique, and all animals find them simply irresistible.
- Six (6) different varieties to catch different species.

### Six (6) New Animal Lures/Baits

- ☐ **Kritter Berry** (Multi-Animal/Tree-Ripened Fruit Essence)
- ☐ **Kritter Nut** (Squirrels, Mice, Chipmunks & multiple Rodents)
- ☐ **Woodchuck Buffet** (Groundhogs & Woodchucks)
- ☐ **Kritter Corn** (Raccoon, Opossum & Skunks)
- ☐ **Kritter Apple** (Rabbits & Finicky Animals)
- ☐ **Courageous Mouse** (Mice, Chipmunks & Squirrels)

**NEW DISPLAY PACKAGING**

**Your Choice \$12.99 MSRP**

- Our **"Premium Grade" lures** contain an anti-drying agent to increase the bait's effectiveness.
- These lures have been used by professionals successfully for many years.
- Cat resistant.
- Field tested to attract more finicky animals.

***"Simply Irresistible"***

## The Snake Guard® Snake Trap

- Place the trap along a vertical surface in areas where snakes are likely to frequent.
- Use in basements, garages, storage area, etc.
- Anchors with a small piece of industrial tape.
- Snake becomes entangled in the glue inside when they enter the trap.
- Makes capturing snakes safe, humane and effective.
- *100% Biodegradable!*

# SNAKE GUARD TRAP

- The original and patented Snake Guard® Snake Trap is **IMPROVED** with a wax coating for weather resistance! It's safe, effective, humane, and easy to use.
- Snakes can be caught and relocated without harming them or you, and the **No-Touch Removal System** eliminates the need to handle snakes.
- The **Snake Guard® Snake Trap** is made in the USA from completely biodegradable materials and is safe for the environment.

Snake can be released at a new location by pouring vegetable oil across the snake and glue.

*SAFE & HUMANE*

**\$29.99 MSRP**

# WOODPECKER

## WHAT IT DOES

A PATENTED, HOLOGRAPHIC AVIAN DETERRENT SYSTEM, DESIGNED TO VISUALLY DETER WOODPECKERS AND OTHER TROUBLESOME BIRDS FROM OPEN AREAS, SUCH AS SIDING, EAVES, LEDGES AND ROOFTOPS.

## WHERE IT GOES

THE CUSTOM BRACKET ALLOWS THE DETERRENT TO BE ATTACHED TO MOST SUBSTRATES WITH ONLY ONE SCREW, OR IT CAN ALSO BE MOUNTED TO OUR MAGNETS FOR EASY ATTACHMENT TO FERROUS METALS. SIMPLY ATTACH TO SUBSTRATE AROUND THE AFFECTED AREAS WHERE SUN EXPOSURE IS AVAILABLE. APPLICATION RECOMMENDED ON HIGHEST POINTS OF STRUCTURE IN MOST CASES.

## HOW IT WORKS

DEPENDING ON ANGLES AND STRUCTURE, MORE DETERRENTS MAY BE NEEDED. TYPICAL COVERAGE FOR DETERRENTS IS BETWEEN A 20 TO 30 FT. RADIUS, DEPENDING ON SUN EXPOSURE. THE UPPER MECHANISM IS DESIGNED FOR MEDIUM TO HIGH LEVEL WINDS, WHILE THE LOWER MECHANISM IS DESIGNED FOR LOW TO MEDIUM LEVEL WINDS. STUDIES HAVE SHOWN THE TWO-PART SYSTEM TO BE MORE EFFECTIVE AT SCARING BIRDS WITH ERRATIC MOVEMENTS AND LIGHT PATTERNS THAN OTHER VISUAL DETERRENTS.

## BUILT TO LAST

MANUFACTURED WITH EXTERIOR GRADE COMPONENTS, THE INTIMIDATOR WILL PROVIDE YOU WITH LONG-LASTING RESULTS, A PROFESSIONAL APPEARANCE, AND PEACE OF MIND WITH A 6 MONTH MANUFACTURER WARRANTY ON PARTS.

PATENT NUMBER: 10,827,741
