

# DR Thym™

Thymox

## Hard surface disinfectant & cleaner - ready to use

KILLS 99.99 % OF BACTERIA, FUNGI AND VIRUSES\*

### Description

**DR Thym™** disinfectant is made of essential oils specially selected to deliver highly effective disinfection. **DR-Thym™** is ideal to disinfect hard, non-porous surfaces (enamel, wood, metal, concrete, plastic, PVC, mirrors, glass) such as work areas, floors, countertops, sinks, kitchen cabinets, showers, cutting boards, toilet seats, garbage cans, doorknobs, tables, toys, telephones, sport equipment, examination tables, patient chairs, desks or any other surfaces where bacteria, fungi and viruses may survive or multiply. **FOR PROFESSIONAL USE ONLY.**

### Benefits

- Biodegrades easily
- More than 98% of ingredients from renewable sources
- Made of plant-based ingredients
- Non-irritating & non-toxic
- No chlorine or ammonia
- Non corrosive on metal

### Directions

GENERAL USE – ANY TYPES OF HARD SURFACES:

**Disinfectant:** vaporize or apply using a clean wet cloth in order to saturate the surfaces\*\* and leave in contact with the surface to be disinfected for 3 minutes\*\*\*.

**Sanitizer:** vaporize or apply using a clean wet cloth in order to saturate the surfaces\*\* and leave in contact with the surface to be sanitized for 30 seconds\*\*\*.

If there is a dirt build-up on the surfaces, they must be cleaned prior to disinfecting or sanitizing. Avoid contamination of food. For surfaces and/or objects that may come into direct contact with children at the mouthing stage of development, a rinse with potable water is recommended.

- Consult an InnuScience representative for more information on the equipment to be used according to your needs.
- Consult a representative about our specialized training.
