

Founder Crisis Kit

Designed for founders navigating high-stakes legal turmoil, it delivers fast clarity, high-level legal triage, and a customized roadmap to protect your rights, your equity, and your next move.

Let's Get Ahead of the Breakdown.
Book your Founder Crisis Kit today.

This Is For You If:

- ◆ You are locked in a power struggle with your business partner.
- ◆ You are being sidelined - or pushed out entirely.
- ◆ You never signed an Operating Agreement (or no one follows it)
- ◆ You feel trapped, unsure what to do, and too smart to make a reckless move.

What You Get:

1 60-Minute Legal Triage Session

We diagnose the legal threat and give you fast, clear direction.

2 Rapid Document & Risk Review:

We assess 1–2 key documents or emails tied to the crisis.

3 Strategic Action Memo

You leave with a written game plan outlining rights, risks, and next moves.

4 Priority Scheduling

When it's urgent, we move fast. Crisis Kit clients jump the line.

How it Works:

1. Book Your Crisis Session (\$3,500 flat fee)
2. Send Key Docs for Review
3. Receive Your Battle Plan Within 48 Hours After Your Crisis Session

Why it Works:

This is not a consultation.

It's a high-level intervention from an elite strategist who's handled founder disputes, partnership breakups, and internal sabotage.

Spots are limited. We only accept a handful per month to maintain strategic depth.

Please Note:

The Founder Crisis Kit is a flat-fee legal triage session. It includes strategic legal advice, document review, and a written action plan. It does not include litigation, third-party negotiation, or formal representation.

If further work is needed, a separate engagement agreement and fee will apply.
