

Old School Survival Boot Camp 2023 Schedule

- **You can register for classes in the Old School Survival Boot Camp Store. Reminder, you also have to possess a valid admission ticket to get into the event venue. If you come with only class registration and no admission ticket, you will not be allowed inside and no refund will be given.**
- All classes run on a 1 hour schedule unless otherwise noted. Classes end at 10 minutes before the hour to allow for walking and bathroom breaks.
- Classes just for kids are highlighted in **yellow**.
- Classes are scheduled for Friday, Saturday, and Sunday unless otherwise noted.
- Children are welcome to attend class with their parents/grandparents or other adult unless otherwise noted on the schedule or in the class descriptions - available on the Classes page on the event website: www.oldschoolsurvivalbootcamp.com If a child becomes fussy, loud, or otherwise disruptive they will have to leave the learning area until they can once again attend with an adult without being disruptive.
- Military/First Responder Families Discount Code: HEROES for \$15 off an adult 3-day pass. Use code: HEROES2 for \$10 off adult 2-day passes. Contact us for group discount information at oldschoolsurvivalbc@gmail.com
- Follow the Old School Survival Boot Camp page on Facebook or join the Old School Survival Boot Camp private group for event updates.

- **Class registration ends at midnight on May 1 for all but Jamie Burleigh's classes. Registration for his classes ends April 12.**

5:30 pm Saturday	Keynote Speaker: Terri Kury of Nature's Pantry Foods and Aftershock Preparedness

Night Hike: Gather at Meeting Area A at 8 pm for a night hike/walk with Patrick Maltba on Friday and Saturday night. The hike/walk will focus on using your senses and perception in the woods. The hike will take place on Friday and Saturday night only. Adults or adult supervised children age 12 and up only. The hike time will be announced during the event.

Butchering and Dehydrating Over and Open Flame and Fermenting Classes are walk and stop demonstrations beginning at 1 pm - no need to register for a spot. The afternoon butchering sessions will be focused on the processing of the meat into cuts, and also a bit of preparation and preservation. During reserved hands-on **butchering times**, there is no charge

for children who accompany a paid adult. In past years, children have loved to help with the butchering process.

Blacksmithing - Walk, stop, watch, and learn any time throughout the day after 10 am. You must register to be a watcher in the 9 am. class. All make and take sessions are now booked full. as the Old School Survival Boot Camp master blacksmith engages in hands-on training with individual make and take session participants.

Woodworking Lathe - you are free to stop by and watch the woodworking demonstrations at any time. Individual make and take sessions will be offered and scheduled at the tent with the presenter. Some projects that will likely be available to make include: honey dippers, rolling pin, dibbler, spinning top, small wooden tree.

HAM Radio - walk, stop, chat, and learn during demos that do not require class registration from 1 pm on each day.
