ULTIMATE ***COLLISION REPAIR***

1115 US 1 South, Edison, NJ 08837

732-494-1900, www.ultimatecollisioninc.com

OUR REPAIR SERVICES INCLUDE:

Frame Straightening & Chassis Repair – Our technicians precisely measure the frame using the Celette Naja Computerized Measuring System and compare it to factory specifications. Then we restore the structural integrity of the vehicle utilizing a state of the art Celette Sevenne Straightening System.

Unibody Repair – Unibody vehicles are made with relatively light but high-strength steel welded into a single unit or several major sections. Our I-Car technicians are trained in unibody structure, welding, and replacement. Using the latest collision repair technology we will repair your vehicle to its pre-accident condition.

Full Painting & Color Matching – We use BASF – Glasurit paint and mixing systems and our facility is equipped with 3 Garmat downdraft, heated paint booths to ensure the accuracy and quality of our work.
