While in my hands, your quilt will be treated as if it were my own. Prior to getting your quilt top to me I need you to do a few checks.

Seams pressed, threads clipped and discarded. Is your quilt top squared? Quilting will not make your quilt square.

Wobbles (wavy borders) can be tamed down to an extent.

I suggest you insure your quilt and send me a text or email letting me know it is on its way.

### Quilting:

Edge to Edge-Level 1

\$0.015 per sq. in

Edge to Edge-Level 2

\$0.016 - \$0.05 per sq. in

**Batting:** \$10 per yard Quilter's Dream 80/20

### Basting:

Not all quilts are basted automatically around the perimeter of the quilt top since not everyone quilts the same. If you want me to remove my basting I can do that for you.

### Binding:

Customer provides fabric. Shop prepares binding and machine sews at \$.05 per linear inch.

**Rates:** Shop rate is \$20 for pressing, and seaming. Try to avoid these charges by cleaning up your quilt prior to sending. I will press creases made due to folds in shipping.

Presently we are using Quilter's Dream mid loft 80/20 batting. 100% Cotton is available upon request.

### Basting: Customer is providing

\_\_\_\_\_ Yes \_\_\_\_\_ No

### Backing Fabric:

Customer Providing: \_\_\_\_\_ Yes \_\_\_\_\_ No

Backing fabric needs to be 8 inches taller and wider than your quilt top. If seamed, press open and salvage removed. Please call if you don't have backing.

### Thread:

We use the same color on the front and back.

Aurifill or Glide thread is used at this time. Charge of \$1.25 per bobbin fill.

# Longarm Quilting Prices

## EDGE TO EDGE QUILTING-LEVEL 1

Edge 2 Edge or Border 2 Border: \$0.015 cents per square inch.

## EDGE TO EDGE QUILTING-LEVEL 2

Edge 2 Edge or Border 2 Border: \$0.016 to \$0.05 cents per square inch.

The tighter or more dense the stitch, results in a higher thread count and increased price.

## CUSTOM DESIGNS

This group involves programing designs into particular areas of a quilt, quilting around specific designs in your quilt top, added embroidery, applique along with thread choice and colors. These options are more complex and can be discussed over the phone. Generally, these prices begin at 4.0 cents per square inch. We are willing to work with you to get the desired look. If you want custom designs, please call before mailing in your top.

**Thread Color:** \_\_\_\_\_

Everyone has an opinion about thread color. If you want to show off more of your work/design, use a lighter color to sink into the top. If you want the stitch to be part of the design or stand out a colored thread or thicker thread should be used.

**Quilting Pattern:** \_\_\_\_\_

Some people like the stitch pattern to follow a theme. Example: animal quilts with animal paw stitches, water theme quilts with wave stitching. Stitch designs can be purchased if I don't have them. The closer the quilting design the heavier and stiffer your quilt will be. Keep in mind what the quilt will be used for. Comfort or wall hanging?

### **Note:**

The Work Order/Order Form is provided for you as a guide. This will allow you to become familiar with charges and the process of a quilter. Please feel free to contact me for any question you may have about this form. I am here to help you with this process.
