2004-2024

Early decorated 3D CAD renders.
Subject to refinements and additional detail variations.

LOK SOUND
EST. 1999

Rapido is excited to announce the General Electric C36-7 locomotive in HO scale.

The C36-7 was General Electric's higher-horsepower six-axle Dash-7 offering, with a 16-cylinder 3,600 or 3,750 horsepower diesel engine (compared to the C30-7's 3,000 hp.) Built between July 1979 and February 1989, over 599 total units were produced. Of those, 129 were domestic orders for Conrail, Missouri Pacific, Norfolk & Western, and Norfolk Southern. Another 40 were made for Ferrocarril del Pacifico and National de Mexico.

FOR MORE PROTOTYPE INFORMATION CHECK OUT THE C36-7 PAGE ON OUR WEBSITE.

The Rapido C36-7 Locomotive Features:

- Operating headlights, class lights, marker lights or ditch lights where applicable
- Operating step lights and numberboards
- Correct Rockwell or Adirondack trucks, as appropriate
- Full traction motor casing details
- Four window, four window (modified) or two window cab
- 4-grille, 7-grille, or late 7 grille hood
- Dynamic brake "hump" (MP, UP, NS)
- Early rear (flush numberboards) or later rear phases (raised numberboards)
- Early or late (silenced) exhaust
- Road specific battery box doors on both sides
- Close clearance stepwells (NS)
- Four-step stepwells (CR)
- Low-height dropsteps (NW)
- Road-specific horns and cab details
- Metal brake chain on engineer's side
- Detailed underbody piping and conduit
- Separate grab irons
- Rapido's innovative dead straight metal side handrails with plastic stanchions
- Detailed cab interior
- Lighted control stand
- Heavy, die-cast weight for heavy hauling
- 5-pole skew-wound motor with dual flywheels
- MoPower
- Sound-equipped units feature ESU Loksound V5 decoders
