

## Hip Arthritis

For about 5 years my right **hip arthritis** has caused me enough pain that it severely limited my mobility. Even with my cane, walking was slow, and I needed rest stops frequently. Stairs were difficult and dangerous for me. I was skeptical, but at the **fourth treatment, my hip pain** was just about **gone**. At **my fifth session I walked in without my cane**. My thanks to the staff at Sonix Therapy Hawaii. They were so caring, patient and gentle. Most medical treatments are at least uncomfortable, if not painful. Sonix therapy was soothing and pleasant!

Millie I., Honolulu

## Plantar Fasciitis

I was diagnosed with **plantar fasciitis** and was **unable to stand or walk without pain**. After two (2) treatments, the **pain disappeared like a miracle**. All my friends who saw me suffering, limping and walking slowly with pain were amazed to see that I could now walk without pain again.

Carole S., Honolulu

## Carpal Tunnel

I've had **carpal tunnel** for about 21 years and have constant tingling in my hands and arms and couldn't grasp anything for very long without the tingling intensifying into pain. After a one-hour session, **90% of the tingling disappeared!** I have slight tingling in my fingers but can now **hold things without pain!**

Stacy Armstrong, Makakilo

## Rheumatoid Arthritis

I went into Sonix Therapy for my **arthritis** in all the fingers of both hands. The pain level was a 9 on my right hand and about a 5 on my left. After 2 1/2 hours of treatment over a one-week period, the **pain level is now at "0"** in my left hand and "2" on my right. I went into this treatment with an open mind but no hope in my heart. Now I'm a believer!!!

Michael N., Honolulu

## Trigger Finger

I was due for **trigger finger release surgery** this month, but will **not be needing it** as I have **no more pain, swelling or locking** associated with trigger finger. I think we all overlook how important good circulation is -- I did. I was never expecting such a difference in so many parts of my body. I came in a curious skeptic and leave a pain/numbness-free believer!

Norma T., Honolulu

## Arthritis, Bursitis, Chronic Pain

I have had **chronic back, neck and knee pain** for a while and thought I would just have to live with it. After several sessions, my **neck pain is gone**, my **back pain is almost gone**, and my **knees don't hurt as much**—I would say a 60% decrease in pain when going down stairs. I also noticed my **joint pain has reduced** and my **body doesn't feel so stiff** when I get up in the morning.

Donna Kanetake, Honolulu

## Diabetic Neuropathy, Sciatica, Arthritis

I'm **diabetic** and suffer from **sciatica** and have **arthritis** in both hips making it hard to stand for 8 hours. Since treatment, my **lower back and hip pain** level went from a **5 to a 1**. Still hurts a little but **MUCH improved**. As far as diabetes, my marks on my feet (lack of circulation) are lighter and its easier for me to walk. It used to feel like I'd be walking with cement blocks on my feet, but now my feet feel a lot lighter.

Scott Fujii, Honolulu

## Numbness, Arthritis

I have had **numbness** in my feet for over a year. It had gotten so bad that I could not feel the pressure I was putting on the gas pedal or brake while driving. After the 5th session, I could feel the coldness of the floor through my socks. I can now feel my feet, since they are **no longer numb**. I was also experiencing **arthritis pain** in my wrists and shoulders, but **now have no pain** in my **wrists**, and **very little pain** in my **shoulders**.

Steve H., Honolulu

## Knee Pain, Neuropathy, Stiffness in Neck, Shoulder

My knee has been painful for a very long time. After about **three treatments** at Sonix Therapy Hawaii, the **pain** in my right **knee went away**. The **tingling and numbness** in my hands has also **disappeared**, and the **stiffness** and **ache** in my **neck** and **shoulders** have been **greatly reduced**.

Laura N., Honolulu

## Shooting Pain

About five years ago, I started having **shooting pain** from my hip to my knee and tried all kinds of alternative measures to reduce the pain. After three sessions, the shooting **pain** was **gone**.

Keith S., Honolulu

## Peripheral Neuropathy

At times, I would experience **peripheral neuropathy pain** at levels of 9 and 10, in my legs and feet. After my first one-hour treatment I really felt great; the levels dropped from a 5 to a 2. After 6 treatments, my **pain levels** have **dropped** dramatically to **less than a 1**, and I am starting to feel normal again. Praise God! My sister and I felt that this was truly a blessing and gave us hope for a better life without pain. The staff is friendly and so caring, you feel like we are all part of one big family helping each other. Mahalo Sonix Therapy Hawaii!

Greg Yamane, Honolulu

## Shoulder, Knee, Back Pain

I coach softball and experience occasional pain in my shoulder every season. After the first visit, my shoulder felt better, but I was still experiencing discomfort in other parts of my body. The next morning after treatment I literally jumped out of the bed! I have not been able to jump out of my bed for over 5 years; I typically roll off my bed and slowly straighten up, and stretch to reduce tightness and pain. I have **no shoulder pain**, **no knee pain**, and the **pain in my back** has **decreased** from a **level 6 to a level 2 pain**. There is **a rejuvenating feeling** that I cannot clearly explain. It is not a traditional treatment; you feel better without taking medicine, getting massaged, or without chiropractic adjustment. This treatment is **for all people looking to improve quality of life**. I recommend this non-invasive therapy to everyone as an alternative treatment for pain and tightness. Thanks Sonix Therapy Hawaii!

Stan Cabanas, Honolulu

## Rheumatoid Arthritis

I decided to try Sonix Therapy Hawaii because my son and daughter came home feeling great and excited about what they just experienced. I have tried chiropractic treatment and acupuncture, which gave me some relief from my pain but it did not last for long. After my first one-hour treatment I really felt better! The **Rheumatoid Arthritis pain** was still there but the **levels dropped** from a **7 to a 2**. After 5 treatments, I am experiencing a lot **less pain** in all parts of my body, from my **neck** to my **toes**. I have not felt this good in a while, thank you Sonix Therapy Hawaii!

Harriet Yamane, Honolulu

## Arthritis, Angina, Diabetes

I have arthritis, angina and diabetes. The **pain** in my **hands**, **knees** and the **tightness** in my **chest** have **decreased significantly!** I feel **more energized** and do not feel sluggish or tire as easily. It's so great to feel overall wellness!

I recently went to Japan and felt great! **I walked 10 to 16 thousand steps a day without getting tired!**

Thanks Sonix Therapy Hawaii!

Carol K., Aiea

## Rheumatoid Arthritis

After my first one-hour treatment I felt a lot better! My pain levels decreased from an 8 to a 4. After 6 treatments, my **pain levels have come down even more**, and I am experiencing **less pain in all parts of my body**. I feel that this was truly a blessing and it's given me hope for a better life without pain. The staff is so friendly and caring, they really want to see you feel better.

Fay King, Honolulu

## Constant Pain in Knees, Arm, Shoulder, Back

Prior to my visit at Sonix Therapy Hawaii, I felt constant pain in my knees, arm, shoulder, and lower back on a daily basis. After my first treatment, my body felt much relief! It was a **remarkable experience to not be in so much pain** as I had felt before. My entire body felt so different! My **face** and **areas around my eyes** felt **softer**, **lighter** and **tighter**. I am able to **breathe better**. My **feet**, **knees**, and **shoulders feel lighter**, and I **no** longer have **pain** in my **lower back**. Sonix Therapy Hawaii's acoustic

wave therapy *helps to improve circulation*, makes me *look* and *feel younger*, and *feel great!*

Gertie H.W., Honolulu

### **Neck, Back Pain**

*I came out of my first session feeling relaxed, and my **neck** and **back pain** seemed to have **disappeared**. I was so happy! I decided to try more sessions to see what else it can help me with. After the next session, I came out feeling really good with **a lot of energy**. One thing I will share is that when you come out of the treatment room you feel calm, relaxed, and your body has an **overall feeling of well-being**. The staff there are so friendly, and the owner is a fellow Christian with a loving heart. God Bless.*

Pauline Yamane, Honolulu
