LILITH 
CALLISTA

PSYCHIC MENTOR AND ACTIVATOR

Welcome

Sometimes healing is as simple as recognizing the patterns in your life that have constantly stopped you from living your best life.

Think of the plans you have, the life you want to live and all of the fears, karmic cycles, patterns and warning signs you've missed over the years that kept you stuck, in survival or just plain unmotivated to move forward.

You do not need to look at the past to heal the future, and you do not need to shrink yourself to be seen. During these sessions we will address the most important changes to your mental, physical and emotional body by growing psychic knowledge, emotional and spiritual intelligence that will help you push your journey forward.

Are you ready to step into your true sovereign authenticity through the exploration of your own Spiritual and Emotional Intelligence? It's with this awareness we can be present in our lives and finally walk the path of our chosen reality.

Get ready to step into your true authentic nature.
