

Hope for a New Life

Brine Cleaning Solution

Three specifications of 250ml · 500ml · 1000ml.
Meet different needs.

NO ALCOHOL

NO FORMALDEHYDE

NO CORROSIVE

NO EXCITANT

Easy to handle

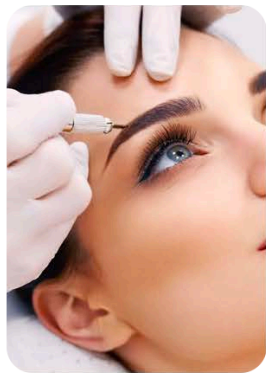

Acne cleaning

Wash nose and eyes

Embroidered face

Skin cleaning

Product information

Product Name: brine cleaning solution

Net content: 500ml;

Shelf life: 24 months

Dosage form: liquid preparation

Ingredients: water, sodium chloride (0.9%)

Usage: take appropriate amount of product to clean the skin.

Mild and non irritating

One bottle can easily solve many problems

Nasal trunk
Nasal itch

Embroidery
nursing

Acne
cleaning

wound
clean

Brine cleaning solution

0.9%

Product Name: brine cleaning solution

Net content: 500ml;

Shelf life: 24 months

Dosage form: liquid preparation

Ingredients: water, sodium chloride (0.9%)

Usage: take appropriate amount of product to clean the skin.

Precautions: the bottle body is broken, there are foreign matters and turbidity in it. Stop using it.

Applicable population: for small wounds, abrasions, cutting wounds and other shallow woundsAnd surrounding skin care

This product is not a substitute for daily medicine.

Storage conditions: store in a closed, cool and dry place.

Production date: see the label on the bottle body.

Production batch No.: 20220502

Production date: 20220502

Effective date: 20240501

Manufactured by:
SHANTOU KANGJIE DAILY CHEMICALINDUSTRYCO.LTD

Company address: Beside Xiangang Avenue, simapu Town,
Chaonan District Shantou City Guangdong Province

Various Packaging

1000ml . 500ml . 250ml

product packaging

Sodium oxide (mild)

Brine assisted cleaning

No skin damage

product packaging

Bacteria isolating aluminum foil. Ease of use.

Brine assisted cleaning

Clean the face without hurting the skin. Acne can be cleaned by wet compress.

Wound cleaning. Safe and mild.

Hope for a New Life
