

December 16, 2021

Ms. Nancy Bryan  
President CCSD Board of Education  
24 Idlewild Ave.  
Cornwall On Hudson, New York 12520

Dear Ms. Bryan:

It is the decision of the Cornwall Youth Football & Cheerleading executive board to write this letter of support for the 2022 Capital Project proposed improvements to the Middle School athletic field and facilities.

Cornwall Youth Football & Cheer has provided thousands of Cornwall CSD students the benefits of physical activity, while teaching lifelong lessons, such as teamwork, leadership, and perseverance over the last thirty plus years. CYF also provides our older students the opportunity to volunteer as teachers and role models for younger students. The proposed improvements at the Middle School would allow us to keep the fantastic relationships our participants have with the varsity program. When our players and cheerleaders can watch the high school players and cheerleaders compete at the same location as they do, it motivates them to want to do the same. The improved facilities would show all our players and parents that CCSD supports all Cornwall student athletes regardless of age.

In Conclusion, CYF fully supports the Middle School athletics facilities improvements. We believe improving this field and facilities is the best way to promote pride and unity within the greater Cornwall community.

Sincerely,

David Carnright  
President  
Cornwall Youth Football & Cheer
