

Meta series Led Street Light

Street lighting is a core piece of urban and rural infrastructure. Lighting helps to create a safe environment for both pedestrians and drivers. Many streetlights around the world are now being updated to LED lighting, which uses less energy and is more reliable than traditional sodium lamps, significantly reducing the cost of keeping streets illuminated.

Designed from the ground up as a totally optimized LED street and area lighting system, our street light delivers incredible efficiency without sacrificing

Qualità
LIGHTING SOLUTIONS

Street Light

IP66, IK08

6~20kv Surge Protection

High bright 160lm/w

Tempered Glass
PMMA lens

Smooth back cover design

Eliminate the risk of dust and bird droppings

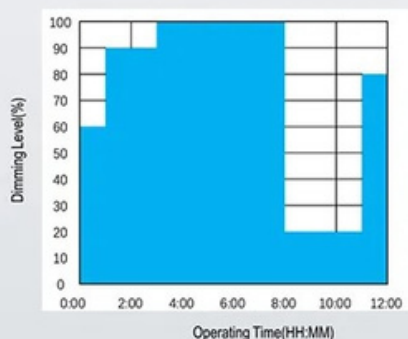

Professional Optics

IESNA STANDARD	Roadway width / Mounting Height	
	One side mounting	Both side mounting
Type II	Up to 1 times MH	Up to 2 times MH
Type III	Up to 1.5 times MH	Up to 3 times MH
Type IV	Up to 2 times MH	Up to 4 times MH
Type V	Up to 4 times MH	

Auto dimming & Timming function

Easy to manage, more saving

Class II

Class II is sometimes known as “double insulated”. This is an IEC protection class and refers to the power supply’s internal construction and electrical insulation. The output is considered safe to contact and no major safety protection is required at the LED/luminaire level. There is no risk of fire or electric shock.

Adjustable inclination system

Precise Angle Rotation

Horizontal Installation

Vertical Installation

IP66 waterproof
6kv/20kv Surge Protection
