

A Note from The Kellys

If you read our last issue, you might remember us declaring that this was going to be our year. And, just like that, things have moved at lightning speed! On July 22nd, we celebrated a major milestone—our groundbreaking ceremony—and construction is now in full swing! The event was a wonderful gathering of community members, families, friends, and key figures including Mayor Sadler, the City Council, Sheriff Hammonds, Police Chief Rollinson, and many others. We're thrilled to report that construction is progressing smoothly and remains on track to be completed by the end of this year. A huge thank you to our contractor, Berry Building Group, for their outstanding work so far. Stay tuned for more updates as we continue this exciting journey!

-Alexis & Josh Kelly
