Re: Erie Access Improvement Program

Dear Sam,

Enclosed you will find a few questions regarding the Erie Access Improvement Program in Erie County. The EPSFA has decided to gain more knowledge and monitor this program. We have formulated a few questions below for response.

- Q. #1 Does the PAFBC intend to discontinue this program in the near future?
- Q. #2 when is this program renewed?
- Q. #3 if monies derived from the stamp/permit are unused in a fiscal year, do they go to a general fund?
- Q. #4 where can the public find the fund information? More specifically, how much money is in the fund, how much moneys are dispersed and to whom?
- Q. #5 is the money derived from this program used specifically for the Lake Erie water shed areas?

As a voice for the general fishing public, the EPSFA is seeking some answers to questions posed by members and other interest groups. We owe it to ourselves to know more about this program and what happens to the funds derived not only as a group but as individuals.

Thank you for your time and assistance with regard to our questions. We hope the information you and the PAFBC provides helps to better educate our Association, members and associates.

Sincerely,

Pete Alex,  
President,  
E.P.S.F.A.
