

## LAUNDRY SERVICE

We offer the option to clean bed linen and re-make beds.

This option can be added as an additional service to any of the cleaning services.

We will take away the linen (along with towels, bath matts, and tea towels if required) wash this, press this and bring this back upon the following clean.

For regular homes we do require **two** sets of linen. (One will be on the bed at present, and one will be being washed and pressed. This will be returned on the following clean)

For a holiday home or holiday rental we do require **three** sets of linen. (One will be on the bed at present, one will be being washed and pressed. The third will be kept securely in case of any stains/damages to the laundry so that there is a spare to always ensure the bed is made)
