JOGLO CLUBHOUSE

A fun and flexible primary school
Childhood as it should be!

Joglo Clubhouse School is located very close to Canggu/Pererenan in the quiet neighborhood of Seseh, providing a fun educational experience and amazing trips all over Bali. Since our beginnings in 2020, we have catered to a range of situations; if you are looking for a well-rounded education, or you are online, home or world schooling, or simply looking for a fun, short-term community for your child, your children are more than welcome.

We believe that it's most important for children to enjoy their school life, and that's why our approach is centered around positive relationships and dynamic fun, inspiring creative problem-solving and a passion for learning.

The key target outcome at Joglo Clubhouse is emotional and social well-being - we focus on the importance of mindfulness, respect and kindness. As kids grow with a positive approach to school, academic proficiency comes naturally in their later years - there is no need to put pressure on them at such a young age. Let's encourage our children to enjoy life and have gratitude for the little things.
