Bookings:

The best time to book is in advance, before your baby is born so we can ensure availability. We will put away a slot for you within a 3-week timeframe of your due date. Once you have your baby, the ideal time to photograph your newborn is during the first 2 weeks.

A non-refundable \$100 deposit is required to book your slot.

Preparation

The studio is stocked with beautiful props, blankets, hats, and wraps for our session, so there isn't a need to bring your own. But you are surely welcome to do so if you like. Please bring a pacifier, feeding, Baby's cozy blanket and an extra diaper.

Its best if baby arrives wearing just an easy to remove stretchy (skip the undershirt). It is ideal for baby to have a bath and a full feeding before heading out but a calm mom is more important

Session Time

Sessions are not timed. We'll shoot as long as it takes until we get beautiful portraits. (usually two- two half hours) The session is very calm and not rushed so we can also soothe, cuddle, feed, change etc. if needed. Mommy can relax nearby while we do different setups and poses according to your style, while making sure your baby is comfortable and safe.

Viewing Your Images

Start with the end in mind. What do you want to do with your pictures? Decorate your baby room wall? Display them on your living room buffet? Or perhaps you just want to preserve childhood memories in a luxury family heirloom album?

After the session you'll receive an online gallery and we'll schedule a phone call in which I help you decide on your winner portraits, custom design wall -arts, albums and complete your order. (It's a good idea to come with the wall measurements in case you'd like to hang on wall your portraits.)

Payment:

Total must be paid in full at time of session.

Any upgrades or products must be paid in full when placing the order.

If something comes up and we will cancel, you can put your deposit toward a re-schedule. However, if you need to cancel or don't show up to the session, the deposit will not be refunded.
