

This card contains **important safety information** you need to be aware of before you are given Voriconazole for prevention of fungal infections or during treatment with Voriconazole for your fungal infection.

If you do not understand this information, please ask your doctor to explain it to you. Show this card to any doctor or healthcare professional involved in your care.

See the Voriconazole package leaflet for more information.

JCSH Pharma Limited's Voriconazole

PATIENT ALERT CARD

**Please carry this
card with you at
all times**

Other information (please complete):

Your name:

Date Voriconazole first
prescribed:

Treating doctor's name:

Treatment centre name:

Treatment centre phone
number:

You should avoid exposure to direct sunlight during Voriconazole treatment. It is important to cover sun exposed areas of skin and use sufficient sunscreen with high sun protection factor (SPF), as an increased sensitivity of skin to the sun's UV rays can occur. There is a small chance that skin cancer could develop over time.

Please ensure you **undergo all follow-up visits** for blood tests or skin evaluations arranged by your doctor. Please have a list of all your other medicines and medical conditions available at each visit to a healthcare professional.

You should contact your doctor immediately if you experience:

sunburn or severe skin reaction

following exposure to light or sun.

Reporting of Side effects:

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in the package leaflet. You can also report side effects directly via the Yellow Card Scheme at www.mhra.gov.uk/yellowcard or search for MHRA Yellow Card in the Google Play or Apple App Store. Any suspected adverse reactions may also be reported to JCSH Pharma Limited on +44 (0)1483 923111 or pv@jcshpharma.co.uk

By reporting side effects you can help provide more information on the safety of this medicine.
