Keelboat Nationals

Regatta Report

Date: September 26-27, 2026

Royal Nova Scotia Yacht Squadron

Dalhousie Sailing Team

Registration & Results:

Keelboat Nats Registration

KB nats results

Saturday Sept. 26

Registration occurred 8:00-8:30am, 8 out of 8 teams signed up for the event registered their sailors. All teams paid registration fee, damage deposit, and were weighed in. Racing was postponed until 11:15 am on Saturday. 8 races were completed with wind conditions ENE 5-12knots.
There was one request for redress submitted after R2.

Sunday Sept. 13

On Sunday racing was postponed for low and unstable wind until 11:30. The wind started in a NNE direction and persistently shifted right throughout the day ending in a ESE direction, meaning the course was moved a few times to ensure fair racing. Because of the delayed start and a time limit of 1500h only 5 races were sailed on Sunday. The wind increased throughout the day and reached 15 kts and so the R flag was raised for the last race, meaning no spinnakers were flown. This was for both the safety of the sailors and the boats.

In accordance with the SIs the final scores were calculated as an average of races sailed since all teams did not sail an equal number of races.

The request for redress was processed EOD, and reviewed by the OA, the RO Paula Minnikin, and passed onto an official judge, Luke Porter, for further review. The final decision on this matter unanimously decided by all three parties listed was that the request for redress be denied.
